Ike, Dulles Make New Appraisal Of Red Relations

Seek to Determine If Talks Offer Any Hope For Agreement

WASHINGTON (AP) — President Eisenhower and Secretary of State Dulles have started a new appraisal of U.S.-Soviet relations.

They seek to determine whether current negotiations over such issues as a summit conference offer any real hope of producing agreements.

Both men appear convinced that Soviet Premier Nikita Khrushchev is following much tougher policies, but they are not sure why.

State Department experts looking for an answer admittedly do not have all the necessary facts. For example, they are not sure why Soviet ambassadors from the United States and other key Western countries were called back to Moscow this week for urgent consultation.

One speculation is that Khrushchev may be planning some new maneuver in foreign affairs with respect to a summit conference or possibly Soviet trade with the Western industrial countries. Eisenhower told a news conference Wednesday he was unable to say whether it would be worth while to continue his long and voluminous exchange of letters with Khrushchev in the light of such incidents as the execution of former Premier Imre Nagy of Hungary.

He said that the execution of Nagy, who was premier at the time of the Hungarian revolt against Soviet communism in late 1956, showed that the Soviets are following "policies of terror and intimidation . . . to bring about complete subservience to their will."

He added that this incident should alert the entire free world to "the lack of confidence that we are compelled to feel in the words and actions of these Communist imperialists."

His hopes for coming to workable agreements with the Soviets, he added, have suffered "a very great setback."

The Soviet high command has taken in recent weeks a series of actions bound to cost Russia good will and prestige, but it appears not to be bothered by this cost.

About two months ago Soviet officials showed reluctance to enter into diplomatic negotiations over arrangements for a summit conference. This created a widespread impression Khrushchev was backing away from such a meeting. Later Soviet propagandists and he himself sought to wipe out this impression.

But Khrushchev's action in making public this week various secret proposals put forth in the diplomatic negotiations was interpreted here and abroad as virtually wrecking the talks.

Meanwhile the Soviets, as the result of a Communist ideological row with President Tito of Yugoslavia, cut off promised credits totaling about 285 million dollars. This laid them open to Western charges that their aid was given or withheld for political, not economic, purposes.

Such incidents and the execution of Nagy and up to what U. S. officials consider to be a very tough Soviet line.

Zoning Maps on View In Business Places

Maps depicting the proposed zoning areas in the city have been placed in a number of stores and institutions, Mayor Harold D. Smith reported today.

The public is invited to study the maps located at the following places:

Salem Public Library, Heddle's Drug Store, Coffee Cup, the First National Bank, Farmers National Bank, Aldom's Diner, Golf Club, A&P Store, Sears Roebuck Co. store and Arbaugh's Furniture Store.

A public hearing on the zoning ordinance will be held Tuesday at 7:30 p.m. in the Memorial Building. The zoning ordinance is a feature of the overall city comprehensive plan drafted by the Michael Baker Engineering Co. of Rochester, Pa.

Council purchased the zoning maps to publicize the plan prior to the hearing upon a recommendation of the Salem League of Women Voters.

The zoning measure is designed to eliminate the haphazard construction of homes, business establishments and industrial plants.

2 Levies Also Placed on Ballots

Bond Issue O.K.'d By Leetonia Council

By ELEANOR COPPERSMITH
LEETONIA — Two renewal operating levies and a bond issue were approved for the November ballot when Village Council met Wednesday night.

The 3-mill operating five-year levies consist of a 1-6-mill general

operating levy and a 1-4-mill street lighting levy. The \$60,000 bond issue is to finance a new fire truck and a station house.

W. G. Sutor and R. M. Thalmier of the Army engineers in Pittsburgh, attended the meeting and discussed the flood control project planned for the village in the near future.

The third reading of the proposed ordinance limiting parking only on the south side of Somer St. was defeated by a five-one vote.

An ordinance providing for vacation pay and sick leave for village employees was approved at its first reading.

Council members recommended that Mayor Ralph Kennedy not hear any traffic cases for arrests made by constables in the village limits.

Attending the meeting were Councilmen H. R. McBride, Jessie Nicolette, Dan Cullinan, Joseph Weikart, Victor Hehl and James Cimicelli, clerk M. P. Burick, Solicitor Edward Greenamyer, Street Commissioner Richard Klienkecht and Francis Eskay of the Board of Public Affairs.

Senate Tax Cut Rejection Likely

Expected to Extend Present Major Levies

WASHINGTON (AP)—The Senate appeared likely today to reject all tax cutting efforts and pass a bill to extend present corporation and major excise tax rates for another year.

That action would send the measure to President Eisenhower well in advance of the June 30 date the levies would drop automatically. The House already has passed the bill.

Before debate began Wednesday an amendment had appeared to have a chance of adoption—a proposal to eliminate the 3 per cent freight tax and the 10 per cent levy on passenger travel.

But sponsors of this amendment conceded it had lost considerable ground because of combined pressure from the Eisenhower administration and Democratic and Republican Senate leaders against it.

Before reaching it, the Senate considers an amendment by Sen. Pat McNamara (D-Mich.) to end the 10 per cent tax on automobiles and have a similar levy on trucks. Supporters held little hope it would be adopted.

The Senate defeated 65-23 Wednesday the first floor amendment—a proposal of Sen. Paul H. Douglas (D-Ill.) for a six-billion-dollar tax cut to stimulate business in the recession.

Sen. Harry F. Byrd (D-Va.), floor manager for the bill, said this could lead to an 18-billion-dollar federal deficit in the next year and require a boost in the debt limit to 300 billion dollars.

Hanover Twp. To Vote On Five-Mill Levy

EAST LIVERPOOL — Hanover Township trustees have filed a resolution with the County Election Board asking a vote at the Nov. 4 general election on a new five-mill levy to finance construction of a new building for equipment storage and general office space.

In effect one year, the levy would require a 55 per cent affirmative vote for approval.

UN to Consider Nagy Execution

Hungarian Group To Study Red Actions

UNITED NATIONS, N. Y. (AP) — A speedy meeting of the U. N. watchdog committee on Hungary was in the offing today to set up a sounding board for the non-Communist world's shock and indignation over the execution of Imre Nagy and three other leaders of the abortive Hungarian revolt.

Western reaction to the Moscow-directed executions ranged from Italy's decision to curtail diplomatic relations with the Budapest regime to a refugee demonstration against the Hungarian team at the world soccer games in Stockholm.

E. Ronald Walker of Australia, acting chairman of the five-member U. N. committee, said he had several requests for a meeting. He asked the U. N. secretariat to set one up "as soon as practicable" and said it might be held tomorrow.

Composed of members from Denmark, Ceylon, Tunisia, Australia and Uruguay, the committee was established by the General Assembly in 1957. It found the Soviet Union guilty of "massive repression" in putting down the 1956 revolt in Hungary.

The execution of Nagy and his associates brought immediate suggestions for a resumption of its inquiry.

Another suggestion was for a public meeting to dramatize U. N. concern. Previous meetings generally have been held in private.

The United States has attempted to focus attention on Soviet tactics during the revolt whenever possible, and the U. S. delegation began pressing for a committee meeting soon after the executions were announced by Moscow this week.

House Ready To Take Vote On Aid Plan

WASHINGTON (AP) — A compromise \$3,675,400,000 foreign aid program is ready for final congressional action.

Chairman Thomas E. Morgan (D-Pa.) of the House Foreign Affairs Committee said today he will call up the authorization bill for a vote early next week. Passage there, and by the Senate later, would clear the way for action on a separate money bill to finance the spending for which the authorization bill sets terms and ceilings.

The program recommended Wednesday by Senate and House conferees is 266½ million dollars below President Eisenhower's request for military and economic help to friendly nations in the fiscal year starting July 1 in House committee.

Before finishing work on the authorization measure, the conferees dropped a Senate amendment aimed at halting use of nonmilitary aid funds for purchase abroad of Japanese textiles and other commodities in competition with American business.

The bill provides \$1,605,000,000 for military assistance (planes and other hardware) to allies, for which Eisenhower sought \$1,800,000,000.

It also carries 810 million dollars of the 835 millions the President asked for defense supports. This is economic aid for allied countries to enable them to support adequate military forces.

The family said the youth went into the Navy on a "minority cruise" upon graduation from high school.

The body is being returned to the Arbaugh-Pearce Funeral Home. Service arrangements are incomplete.

GOP Bows to Ike's Decision To Keep Adams

Many Republicans In Congress Unhappy On Question of Aide

WASHINGTON (AP) — Congressional Republicans bowed today to President Eisenhower's decision to keep Sherman Adams on the job. But many GOP members made it plain they aren't happy about it.

Republican state chairmen split over the question of Eisenhower's top aide. Some still insisted he should get out. Others supported Eisenhower's backing him. Many declined comment, but could agree with one of their number, Ray Bliss of Ohio, who said "I'm certain I'd rather it hadn't happened."

In New York, Democratic National Chairman Paul M. Butler left no doubt the Democrats will make a major political issue out of Adams' dealings with industrialist Bernard Goldfine of Boston. As to Eisenhower's insistence on keeping Adams as his chief assistant, Butler added:

"The President's own conduct makes him morally responsible for this improper conduct as Mr. Adams is himself."

Adams has testified he accepted gifts and favors from Goldfine, a family friend, and also contacted two federal agencies studying complaints against Goldfine's companies. But he said there was no connection and he had no intent to win favored treatment for Goldfine.

Eisenhower agreed with Adams' concession that he could have "acted a little more prudently," but said he admired and respected his chief aide for ability and integrity.

"I need him," Eisenhower added.

The consensus among the politicians here appeared to be that Eisenhower hadn't changed the situation much — except for one aspect.

The President made it impossible for Republican candidates for the House and Senate to disavow Adams and still ride the coattails of a president most of them would like to praise in campaign speeches.

Perhaps significantly, almost the only members of Congress volunteering a good word for Eisenhower's decision to keep Adams at his desk were those not up for re-election this year.

Sen. Homer E. Capehart (R-Ind.), who isn't running this year, said Eisenhower has all the facts on Adams "and I'm going along with the president."

Sen. Everett Dirksen of Illinois, the assistant Republican leader, said in a separate interview that it was "the President's determination to make." Dirksen is not campaigning this year.

Sen. Ralph E. Flanders (R-Vt.), who is retiring, also endorsed the President's decision.

But Sen. Charles E. Potter (R-Mich.), fighting hard for another term, said that with Adams still in office the Republicans will

Jack Gathers Dies In South Carolina Mishap

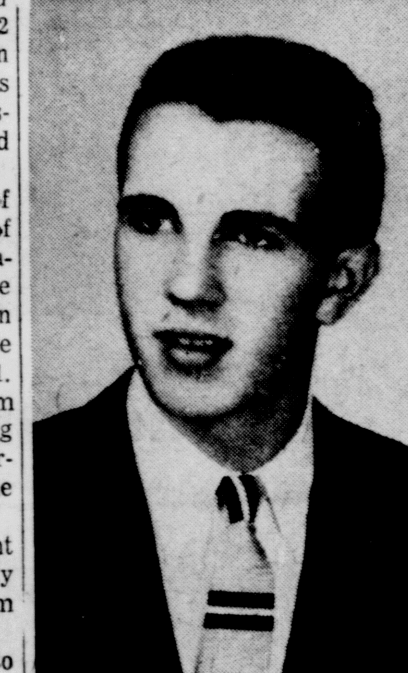

Jack Gathers, 20, son of Mr. and Mrs. John S. Gathers of 672 N. Howard Ave., was killed in an automobile accident at Monck's Corners, South Carolina, Wednesday, according to word received this morning by the parents.

Young Gathers, a graduate of the Salem High School Class of 1955, was stationed in the U.S. Navy at the naval mine craft base at Charleston, S.C., and had been in the service for three years. He was due to be discharged July 31.

A telegram to his parents from Capt. E. J. Burke, commanding officer at the naval base at Charleston, did not give details of the accident.

The family said the youth went into the Navy on a "minority cruise" upon graduation from high school.

The body is being returned to the Arbaugh-Pearce Funeral Home. Service arrangements are incomplete.

TB Test Program Set For Leetonia Children

LEETONIA — Local residents will be given an opportunity to participate in a tuberculosis testing program and a chest X-ray survey, according to C. S. Palmer, health commissioner of the Columbiana County Health Department.

The tuberculosis testing program,

for children under 18 years of age, will be held June 30 from 9 a.m. to 12 noon at St. Patrick's School. Results of the tests will be observed July 2 from 1 to 2 p.m. at the school.

Parents' signatures are necessary for the tuberculin Mantoux test. Consent cards will be available at local physicians offices, Roosevelt Drug Store, local banks and churches.

Children taking the test will be given a pass to the local theater for a special movie July 5.

The state TB mobile X-ray cruiser is scheduled here two days during July. On July 22, the cruiser will be located at the Berg Bretzel Co. from 1 to 2 p.m. From 3 to 5 and 6 to 9 p.m. it will be located at the village square.

On July 23, the cruiser will be stationed at the square from 9 to 12 a.m. and 1 to 4 p.m.

The chest X-rays are for persons 18 years of age and over. Persons should have an X-ray at least once a year, health officials stated.

A positive case of tuberculosis was diagnosed here recently.

Dominicans Ask End to U.S. Aid

Criticism of Trujillo Precipitates Action

CIUDAD TRUJILLO, Dominican Republic (AP)—Stung by criticism in the American Congress of young Rafael Trujillo's playboy habits, the Dominican Congress has asked the government to pull out of all U. S. aid agreements.

Under one of the pacts the United States maintains a station in the Caribbean republic to track its guided missiles.

The Dominican Congress, a rubber stamp for Dictator-Generalissimo Rafael Trujillo Sr., made no mention of the fancy presents Lt. Gen. Trujillo Jr. gave to movie actresses Zsa Zsa Gabor and Kim Novak.

Instead in its resolution Congress said "the attacks that some (U. S.) congressmen have directed against the Dominican Republic in terms offensive to her national dignity would not have occurred."

Sen. Charles E. Potter (R-Mich.), fighting hard for another term, said that with Adams still in office the Republicans will

'Land Fill' Acreage Will Be Inspected

A. L. Fishbach, sanitary engineer with the State Department of Health, Friday morning will inspect the 25-acre tract under consideration by City Council for purchase as a "land fill" garbage disposal area.

The property, owned by Eldon Pleuss, RD 2, Salem, is located near the present city dump.

Council Tuesday night instructed Angelo Vivino, city sanitarian, to request the health department to inspect the property after it was ascertained that a stream ran through the tract.

Councilmen questioned whether the stream would be polluted as a result of dumping rubbish there. The city has a 30-day option to purchase the land for \$5,000. The option will expire early in July.

Mr. Fishbach will examine the property Friday, along with Mr. Vivino, Aubrey Hayes, utilities superintendent, Frederick Barckhoff, acting city engineer, and Mayor Harold Smith.

The sanitarian will present his findings to Council's special garbage committee at a luncheon meeting Friday noon.

Nation Placing Hope For Peace On UN Leader

Country Has Endured 41 Days of Violence By Pro-Red Factions

BEIRUT, Lebanon (AP) — U.N. Secretary General Dag Hammarskjöld arrived in Beirut today, bringing a glimmer of hope that he might end Lebanon's rebellion.

The international diplomat flew in at dawn from London and New York. His reputation in the Middle East for mediating ticklish quarrels gave Lebanese some hope he might succeed where others failed.

The crisis-ridden country has endured 41 days of fighting, bombing, shootings and strikes in an effort by opposition political factions to overthrow pro-Western President Camille Chamoun. The people are thoroughly fed up and are looking for any solution that will end the trouble.

Rebel leaders have promised a truce while Hammarskjöld is here. A furious battle raged in Beirut Wednesday, but government forces finally beat back the rebels and restored an uneasy quiet.

After a brief rest at his hotel, Hammarskjöld began talks with Norwegian Maj. Gen. Odd Bull, former President Gaio Plaza Lasvuel of Ecuador and former Indian Ambassador to the U.N. Rejeswar Dyal — the three leaders of the U.N. observation team ordered by the Security Council to watch out for any aid to the rebels from the neighboring United Arab Republic.

As usual, Hammarskjöld refused to comment to newsmen on his plans. There was speculation he might, after conferring with the Lebanese, go on to Cairo to talk with U.A.R. President Nasser.

Some 50 unarmed observers allowed to accompany him.

Four Drivers Cited After Road Mishaps

Four drivers were cited as the result of four district road mishaps, investigated by state highway patrolmen Wednesday and today.

An auto driven by William W. Woods, 31, of Wellsville left the road and rolled over an embankment Wednesday at 7:30 p.m. on Rt. 267, a mile north of East Liverpool.

He was cited for reckless operation.

Elsie M. Berger, 50, of Negley was arrested for failure to yield the right of way following a mishap on Rt. 170, two miles west of the Pennsylvania state line, on Wednesday at 8:10 p.m.

Patrolmen said she drove her auto from a county road into the side of a car operated by Clarence W. Johnston, 47, of Beaver Falls, Pa.

Trucks operated by Lyle C. Blum, 31, of Darlington, Pa., and William A. Kunkel, 36, of Pittsburgh, collided on Rt. 14, near Unity, on Wednesday at 11 p.m.

The mishap occurred when Kunkel drove his truck from a tavern parking lot into the path of the other vehicle, patrolmen said. Kunkel was arrested for driving while intoxicated.

An auto operated by George E. Hahn, 27, of Ravenna struck the rear of a car driven by Cecil McElroy, 61, of Wellsville on Rt. 39, two miles west of Wellsville, at 2 this morning during a fog.

Hahn was cited for reckless operation.

30,000 in Cleveland Area Idle

New Dispute Stalls Building Peace Pact

CLEVELAND (AP) — No one seemed sure today what would come next in the confused Cleveland area construction labor dispute that appeared for a time Tuesday night to have been settled. An afternoon session Wednesday, planned originally for the signing of the agreement, broke up in disagreement over whether a seven-week-long work stoppage affecting 30,000 workers would end and on what terms.

the settlement machinery was the 200-member Asbestos Workers Union. This is the smallest of the 17 craft unions that have been represented by the Building Trades Council in negotiations with the Building Trades Employers Assn. and Associated General Contractors.

The Asbestos Workers rejected the agreement for a 37-cent hourly wage increase spread over three years. The compromise was proposed by Cleveland Mayor Anthony J. Celebrezze as mediator, had been accepted in joint negotiations.

Tossing the monkey wrench in

president of the Asbestos Workers, said in Washington that his union's main objection to the agreement was that it failed to close the 24-cent hourly gap by which asbestos workers trail the \$3.74 hourly rate now applying to other top trades. Individual craft unions scheduled meetings Wednesday night and today to discuss what to do. It appeared questionable whether many workers would be back on jobs this week in Cuyahoga, Lake, Lorain and Geauga counties.

Employers have offered to start up construction shut down May 1 when the Asbestos Workers started a two-week walkout. But the

employers insist that until all unions have ratified the settlement, the nine-cent hourly wage increase, provided as the first of four hourly pay hikes in the three-year period, won't become effective. Union leaders take a dim view of this approach and want the nine cents to apply to members of individual unions as soon as they go back on the job. Some worked Wednesday. It was anybody's guess what today's turnout would be.

Robert E. Sweeney, general counsel for the Asbestos Workers, said that union is "not on strike" but "they won't work without a contract."

Boys' Staters Begin Work On Program

CAMP PERRY, Ohio (AP) — Legislators and state officials today began the task of hammering out a program for Buckeye Boys' State after hearing Gov. Robert S. Thompson's message to a joint session of the General Assembly.

The governor, who hails from Warren, told the lawmakers Wednesday his first concern was to enable the state to pay highway patrolmen. That item is not on the regular state budget, Thompson also sought passage of a bill prohibiting anyone under 16 from riding a motor scooter or motorcycle.

The Federalist governor was faced with a minority in the House of Representatives where there are 48 Nationalists and only 32 Federalists.

Following election returns, the legislators picked Michael Vosler of Piqua as House speaker and Will Hodge of Springfield as majority leader. Dennis Casper, Cincinnati, is the whip.

Highway Director Kenneth Borden of Massillon told of plans for a main North-South road. It is to be called "Femininity Drive." He called upon all cities and counties to maintain suitable access roads.

To handle the heavy traffic along the route, Col. Joe Frenzel of New Philadelphia, highway patrol chief, set up a central office and four district stations. Top officers include Lts. Darryl Wartluft of Paris, Robert Hinebaugh of Williams-town and Fred Audencamp of Fostoria.

From the office of Secretary of State Richard Bell of Shaker Heights came a news release reporting his aides had received 13 applications in a single day for corporations and partnerships.

Ohioan Fails in Try To Run 127 Miles

COLUMBUS, Ohio (AP) — An 18-year-old cross country runner, who set out Wednesday night to run from here to Cincinnati, collapsed after covering about 20 miles. He was still 107 miles from his goal. Tom Morlan, a former Columbus Central High School runner, was reported to have collapsed just north of Mount Sterling along Ohio 3 near the Madison-Pickaway County line. He was revived by friends, but fainted again and was brought back to Columbus.

Morlan said he was razed into running to Cincinnati where he is to take part in the Eagles convention there.

He left Columbus on schedule, leaving the Eagles Hall here at 9 p.m. Newsmen followed the youth through town and reported he showed little signs of tiring as he started into the county.

Celebrations had been planned for Morlan in Washington Court House, about 35 miles from here; Sabina, 11 miles beyond Washington Court House, and in Wilmington, 56 miles from Cincinnati.

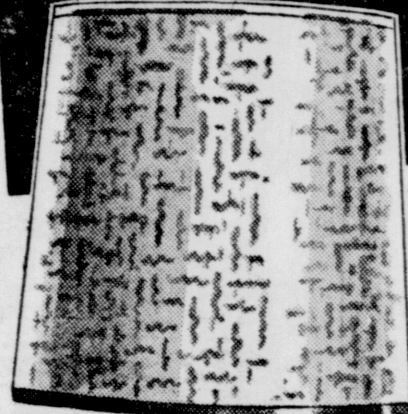

Morlan had planned to run at a 7 m.p.h. clip and arrive in the Queen City at 3 p.m. today.

Guarding Your Health

Child's Diet In Summer Time

What sounds like an extremely sound and sensible article on the feeding of infants and children in hot weather appeared recently in the Journal of the American Medical Association.

The authors pointed out that the need for protein in food seems to be unchanged, or possibly slightly increased, in hot weather. Also that the vitamin requirements of

children are probably not changed by living in a tropical climate or by hot summers.

THE ONLY MAJOR points to consider are those related to the loss of water and salt through excessive sweating.

One interesting point of which I was not aware is contained in a paragraph in this report which reads:

"During recent summers a 'new syndrome' has appeared. It is characterized by the pale, flabby, tired child who has gained excessive weight during the warm weather because he has stayed indoors in an air-conditioned house watch-

ing television most of his waking hours and has indulged in frequent between-meal snacks that have spoiled his appetite for well-balanced meals."

The authors of this report suggest that infants should be assured of adequate fluids by regularly offering them a few ounces of water between feedings. In artificially fed infants it may be desirable also to reduce the concentration of calories in the food mixture to approximately 18 calories per ounce of fluid during hot weather.

They also emphasize that individualized management of children during the summer is the best assurance of maintaining good nutrition. If infants and children taking well-balanced diets show signs of intolerance to ordinary heat they should be investigated for illness rather than simply having their diets changed.

SEVEN PRACTICAL guides are suggested:

(1) The habit of vigorous outdoor activity should be continued or developed. Children do not mind hot weather unless they are conditioned by their elders to dislike it.

(2) Cool, but not cold, drinks are best. For the most part, water should not be unduly limited.

(3) Between - meal foods and high-calorie drinks may have to be controlled.

(4) A short "cooling off" and quiet periods before meals may increase the child's appetite.

(5) Limiting of high - calorie foods, such as peanut butter and ice cream, may be necessary. For some children, the use of skimmed milk may be available to promote a better appetite for other foods.

(6) The large and better balanced meal may best be served in the evening when the temperature is lower.

(7) All of the usual measures and guides for developing good eating habits should be continued, irrespective of the weather.

S. S. KRESGE COMPANY

East State Street, Salem, Ohio

American-Standard's Situation

The American-Standard Corporation's announcement that economic conditions were forcing the company to consolidate its Youngstown Kitchens Division in Warren was not the kind of news we like to hear. An announcement that a new industry had selected a site in Salem for manufacturing operations would have been much brighter, by contrast.

It is no secret that the kitchen sales field has been highly competitive but it is regrettable that Standard officials did not see fit to concentrate operations in Salem where the firm's main offices are situated. However, the company will confine its contract stamping and tool and die operations at the local plant and it is entirely possible that this phase of manufacturing may be given new impetus in the near future.

The key to American-Standard's

future operations here lies in the firm's announced intentions of embarking on a program of developing new products. Managerial staffs have been reassigned to tackle that objective.

We can't help but feel enthused, too, when local civic leaders join hands to shoulder community responsibility and attempt to persuade the firm to change its decision against cutting back its operations here. Area Development Council leaders and Chamber of Commerce officials will meet Friday with company officers here and fly to New York City, American-Standard's headquarters, if necessary.

Possibly what is happening is a transition period for better things to come.

In the meantime, the diversity of Salem's other stable industries steadies the community's pulse.

DeGaulle Tackles An Old Dilemma

Like many a public leader Charles de Gaulle must fervently pray to be delivered from the hands of his friends.

The irreconcilables in Algeria who forced him into power on the crumbling foundations of the Fourth Republic regard him as their champion. But they have been reminded brusquely by the new premier that he regards himself as the champion of France, not of the irreconcilables who used the Algerian issue to force a crisis in the government of France.

They apparently did not believe him when he scoffed at reports that he intended to become a dictator. They must not have believed him, either, when he said it would be his primary concern to reconstitute a French republic so its executive power would not be at the mercy of French political factions.

This has been the dilemma of many a government leader.

The dilemma has been discussed by everyone who has written about the use and misuse of public power. Even in the United States, it is evident that executive power is

wielded in the national interest at the risk of offending the particular minority which claims it had the most to do with putting the president in office.

Nothing stands between the ideal of popular government responsive to all the people and dictatorship responsive to a fraction of the people, except the integrity of the president. If he does not choose to dictate, there can be no dictatorship. But if he loses his support there can be no government.

Premier de Gaulle, who does not choose to dictate, is faced with the possibility of not being able to govern without the support of the Algerian dissidents. It was the risk he accepted when he became premier. Algeria, conquered in 1830 by the last of the French Bourbons, Charles X, in the hope it would make him popular, now is challenging the popularity of a French premier trying to keep it from making him a dictator.

Perfume often is what wins young men, says a store executive. We prefer the kind that comes from the kitchen.

Once Over

By H. I. Phillips

If a Republican accepts a gift of a rug from a lifelong friend these days he can be assured the Democrats will try to put him in a doghouse with wall-to-wall carpeting. If an overcoat is involved they want to be sure he gets a "belt" in the back.

Effect of westerns on the American home is pretty terrible. Mild husbands who have never been near a horse or used a putty-blower are wearing sombreros and practicing the "draw" before mirrors. Wives are becoming excessively cute and go around muttering, "The milkman's late. I hope the Sioux didn't get him at the pass." "Paw's been threatened and it's time to call the marshal" and "Didn't I see you in Tombstone years ago?"

Teen-agers are in cowboy clothes phoning "I'll see you at the crossroads bar for an ice cream soda." We asked the Missus last night what made her so nervous and she replied, "That's two strangers in town. I don't like the looks of 'em."

A TAPESTRY inspired by a Picasso entitled "Girl on Ladder" has been put on the walls of U.N. To us it seems like a kindergarten sketch of a double-domed dame trying to throw somebody out at first-base from a homemade ladder. Somehow the lady's awkward position seems to symbolize U. N. in action. (We can't figure out how it got on the wall without a veto.)

Those who allege Sherman Adams once tried to influence the Securities Exchange Commission probably think of it as Sherman's March to the SEC.

Secretary Mitchell was in Switzerland when he got off that blast at the Kennedy-Ives labor bill. ("A youth who wrote mid snow and ice a message with the strange device, 'It's full of loopholes.'")

AMERICA HAS an annual National Bake-off at which housewives can win vast sums for cookery and it has seen a Sew-Off with a \$25,000 first prize for women who are better than fair at dressmaking, etc.

Mrs. Paul E. Bell of Lakewood, Ohio, took the grand prize with an "empire chemise dress." Put not only the gown but the money, "in the bag," so to speak.

We thought sewing in the home had largely disappeared and didn't think \$25,000 worth of it was being done annually in all the homes of the land.

This grand prize has been cheering to husbands, a great proportion of whom can't get the missus to darn a sock, replace a button on a shirt or mend a hole in a pair of shorts.

There are wives who seem to have taken an oath never to touch a needle or thread. For a mere \$25,000 they would not take a stitch in the lining of popper's coat.

A PILL THAT WILL give you a gradual tan instead of a fast sunburn is announced by Upjohn Company of Kalamazoo. Yale and the Universities of Oregon and Illinois developed it. This assures a genuine university-level tan. Harvard and Princeton chemists took no part but can regain prestige on the bathing beaches by coming through with a

capsule that gives the sensation of being sunbathing without leaving your furnished room.

Anti-sunburn pills should be the vacationists' delight, making millions of pill-bearing beach addicts able to get a Hollywood tan and skip the routine of enduring the complexion of a boiled beet.

Basis of the pill is a plant grown on the Nile. No matter how other people feel about Nasser, this could bring to his support all folks who burn easily. What do you do if you take the pills and continue to get red-faced?

It's optional, you can stay in the shade or sue the drugstore and Yale.

BILLY ROSE brought the National Theater on 41 Street N.Y. for \$849,500 at auction. He just happened to be strolling by and heard, "What am I offered?" Like so many auction addicts, he couldn't resist. Billy began his career as a boy-wonder at stenography and later hit Broadway as a songwriter. He has evidently decided that while you can't find anything to rhyme with "property," it is a wonderful word.

ROGER KIRKWOOD, how head of all the Woolworth stores, started out as a window dresser in a Utah five-and-ten. Which reminds us that one of our first jobs as a kid was in the five-and-ten back home, as a stock boy. When your job is to count all the articles in a Woolworth store you are in for an ordeal.

Bus fares back home have gone to 20 cents, an all-time high and it brought back memories of the day when we could ride 15 miles for a nickel and get a transfer. What's more it was on an "open trolley," breeze-swept all the way, with a motorman to do the piloting and a conductor to come around and collect the fares, help people on and off and show considerable geniality.

AN "EAT OUTDOORS" drive is in the works. There's to be a national campaign to emphasize backyard chow. One hundred million dollars is spent for outdoor grills and equipment per year, and 750 million for barbecue food. But sums are nothing to what they might be if more Americans could be sold on spring, summer and autumn cooking under a spreading chestnut tree.

Too many people think of the backyard barbecue as a stunt, embracing the features of a still-alarm fire, old-fashioned vaudeville and an Elks picnic. They don't know how easy it is made by modern outdoor grills and cooking gadgetry and fear the funny hats and aprons are compulsory.

An advertising campaign will parade its virtues and perhaps try to give a knockout blow to the following misconceptions: (1) That permanent outdoor grill is almost as expensive as building your own restaurant; (2) that portable grills must be as big as the family auto and require special garaging; (3) that it is hard to get a grill which doesn't require engineering genius to assemble and a fireman's license to operate; (4) that only Boy Scouts have the secret of outdoor fire buildings.

The Adams-Goldfine Case

By JAMES MARLOW

Bernard Goldfine, millionaire friend of Sherman Adams, got special treatment which, under the law, no citizen is entitled to. That's the main point disclosed so far in the Adams-Goldfine case.

The White House—through presidential press secretary James Hagerty—said June 13 the real issue is whether the wealthy businessman got preferential treatment from a government agency as a result of his friendship with Adams.

There is no evidence that any

agency ruled in favor of Goldfine because he was Adams' friend, but there is evidence he got confidential government information he could not have hoped to get without Adams' help.

The Goldfine and Adams families have been friends for years, at quite some expense to Goldfine. He paid more than \$2,000 hotel bills for Adams, gave him a vicuna coat worth \$69, and lent him a very expensive Oriental rug.

Goldfine, a textile manufacturer, got into trouble with the Federal Trade Commission for alleged mislabeling of his product. He went to see Adams, President Eisenhower's No. 1 assistant.

Adams—in a letter to a House subcommittee investigating government agencies—said on June 12 that Goldfine came to him in 1953 with a letter from the Federal Trade Commission and asked what prompted it.

(Why Goldfine, if he didn't want special treatment, didn't go directly to the FTC and ask that question hasn't been revealed yet because he has not been called before the committee to testify. He will be.)

Adams said he called FTC Chairman Edward F. Howrey and asked if the information Goldfine wanted could be made available. Then Adams in his letter said Howrey sent him a memorandum which he turned over to Goldfine.

But when Adams himself went before the committee Tuesday, this is what the committee counsel, Robert Lishman, told him:

Howrey, in his memorandum to Adams, revealed the name of the company which had filed a complaint with the FTC against Goldfine. Lishman said disclosing such information was a double violation of:

1. The FTC's rules which require that the names of complainants in a case be kept confidential.

2. Federal law which prohibits revealing information in the FTC's files not already public.

Since both an FTC rule and federal law were roadblocks to giving such information to a private individual—particularly a defendant in a case, like Goldfine—it seems certain he couldn't have gotten the information from the FTC himself.

Adams said he was unaware of both the rule and the law when he passed on Howrey's memorandum to Goldfine.

He said that if he committed errors they were perhaps the result of "inexperience." Adams, in politics since 1941, because of his job with Eisenhower is one of the most important men in the government.

Purely Personal

I envy women for the convenience of the handbags they carry and also for the designs and material in these good-looking accessories. A man's wallet is a poor substitute for a toiled leather bag big enough to pack a light lunch.

It is not difficult to get the impression that Uncle Sam is being nagged by diplomatic jokesters in the Communist bloc, whose aim is to keep the old boy from maintaining the composure that is his best bet for survival.

I wonder what the critics who blame chief executives for standing by their appointees when dead cats sail through the air would say if chief executives turned their backs on the appointees, instead? Or would that conform with the critics' ideas of decency?

Judged by its ability to squeeze through an opening as small as the hole in a wren house, the wren is composed of five parts feathers to one part bird.

I can see nothing but frustration and failure ahead in politics, unless politicians take positions and try to rally support for themselves, instead of everlastingly trying to outguess public opinion.

The savory concoction of lettuce wilted by hot vinegar and bacon grease and eaten with flakes of crisp bacon that was referred to in a previous column was called "Dutch lettuce," if I remember correctly, and therefore may be of Pennsylvania Dutch origin.

The idea of using tranquilizers on babies with temper tantrums give me the shakes, until I remember that many of the great men of today were quieted with paregoric, an opium derivative. I wonder where the wearers of those ornate academic "hoods" that put so much bounce into com-

mencement exercises keep the things when they are not in use. If I possessed one, I would hang it over the fireplace, with a sign under it to explain what it meant.

There have been only a few times this year when the temperature was high enough to make gardening the uplifting experience for me it is billed to be by gardening enthusiasts.

I can think of nothing funnier than a conversation between two people who do not know what they are talking about explaining something to each other as if they knew the subject inside out.

If I had to put on a funny hat and apron and make use of all the fumadiddle implements I have been given, I never could be persuaded to cook another beefsteak on the charcoal grill I keep hidden for special occasions.

The most exciting job I never landed was running a grass-mowing rig on the estate of a famous family on the outskirts of my home town. Consequently, I never married the beautiful daughter of the owner and settled down to a life of leisure.

It is my considered opinion that trouble in this world could be predicted with as much certainty as almanacs predict weather for a year at a time and that trouble, therefore, is not bona fide news and should not be given much attention, being normal as to time, place and nature.

This may be the summer I will buy a pith helmet, but I cannot be sure.

SIDE GLANCES

By Galbraith

"Don't you think we should lay in a good supply of stamps? They're talking about raising the price!"

Blind Justices

By DAVID LAWRENCE

Five Justices Have Shut Eyes to 'Cold War'

Five members of the Supreme Court of the United States have shut their eyes to the "cold war." In effect, they say there are

no American troops stationed in Western Europe today, there are no American troops now guarding the armistice line every day in Korea and there are no conditions of emergency existent in the world at present. Hence Communists and Communist sympathizers resident in this country are entitled to passports with the seal of the government of the United States on them and are free to flaunt such a passport anywhere in the world!

Four members of the Supreme Court, on the other hand, say that "were this a time of peace, there might very well be no problem for us to decide, since petitioners then would not need a passport to leave the country."

The five justices who think it is very important for an individual to travel where he pleases and do what he wishes abroad to denounce his own government and its policies are Justice Douglas, Black, Brennan, Frankfurter and Chief Justice Warren.

The inference is plain that the individual's pleasure and desires supersede the rights of the government which represents the millions of other individuals who want their security protected.

"Travel abroad, like travel within the country," says the majority opinion, "may be necessary for a livelihood. It may be as close to the heart of the individual as the choice of what he eats or wears or reads. Freedom of movement is basic in our scheme of values."

BUT THE DISSENTING justices—Clark, Whitaker, Burton and Harlan—think that freedom to travel must be limited by the government that issues the passport and that in wartime or national emergency here is a risk that an individual traveling abroad may give aid and comfort to the enemy.

The five justices in the majority opinion declare that the Supreme Court in the past had decided that the movement of citizens could, of course, be restricted in wartime but that this was true only on a showing of "the gravest imminent danger to the public safety."

Who is the better judge of when the public safety is endangered? Five justices cloistered in the chambers of a court who seem to have become blind to the Communist menace and the infiltration or subversion practiced by agents of Communist imperialism in every country in the world or the Department of State which has available up-to-the-minute information from everywhere as to the dangers to the safety of the American people?

Metals Industries

By SAM DAWSON

NEW YORK (AP) — Much of the better feeling about business prospects today is based on an apparent recovery in the hard hit metals industries.

Many expect the trend to be reversed next month, at least for the time being, and look for no sure sign that the recovery is real instead of artificial until after Labor Day.

The present situation has a brighter glow, however, than some of the metals industries have known for months.

Steel mills in eight weeks have pulled production up from less than half of capacity to nearly two thirds of potential output.

Copper prices have steadied and then advanced, here and in London, after a two year slide.

Aluminum, zinc and lead producers have urged the government to give them the same helping hand that steadied the copper industry. Some think they'll get it — namely, government purchases for the strategic defense stockpile.

Since the metals industries are basic to the economy their recent flush off better health has given a sprightlier tone to business thinking.

This is so in spite of some skeptics who suspect the flush won't last and even point out some artificial aspects of it.

The steady climb of steel production out of its recession low point is largely instrumental in reversing the long slide in the total industrial production index.

Some of the revived demand is real enough. But some of the recent spurt in steel may be borrowing from future weeks.

Observers note that the steel companies have been in no haste to tote much iron ore down the Great Lakes this spring and that the demand for steel scrap has been so quiet that its price is far below last year's level.

Mills apparently have plenty of ore and scrap for current operations.

Copper men have watched the price of the metal slide from 46 cents a pound early in 1956 to 25 cents this January, as demand fell off and stocks mounted. Widespread cutbacks in production

THE MAJORITY of the justices flatly say that no condition of emergency exists at present but the dissenting justices point out that the proclamation issued by President Truman in 1950 declaring an emergency is still in effect. His formal statement said that "world conquest by Communist imperialism is the goal of the forces of aggression that have been loosed upon the world" and that "the increasing menace of the forces of Communist aggression requires that the national defense of the United States be strengthened as speedily as possible."

The four dissenting justices sum it up in these words:

"In a wholly realistic sense there is no peace today and there was no peace in 1952." This was the date when Congress and the President took action both believed was adequate to control the issuance of passports.

But the five justices constituting the majority have chosen to disregard what any Communist or Communist sympathizer or even a misguided person who isn't a Communist might do during this travels abroad that could embarrass the United States government in the carrying out of its policies.

There is no way, for instance, to watch citizens carefully who are doing damage to the United States.

THIS COUNTRY has no right of surveillance abroad such as the FBI can exercise at home. The moment a passport is granted, a Communist sympathizer can have access to places abroad where it might be desirable for the United States to have him go—as for instance, to plot with or get instructions from agents of a foreign espionage apparatus.

The majority of the justices concede that Congress could pass a law specifically withholding passports under conditions arising out of war but not clearly defined as yet.

Chairman Walter of the House Committee on Un-American Activities is already planning to introduce such a measure. There are, however, hints in the majority opinion that almost any measure to control the issuance of passports in "peacetime" may be struck down by the court.

Tous have the majority of the Supreme Court again thwarted the international policies of the United States government in fighting Communism.

They have said, in effect, that Americans who go to Soviet Russia and make speeches there denouncing the United States cannot have their passports withdrawn. For all this apparently is a "freedom of belief" and "freedom of association."

This is in line with previous decisions of the present Supreme Court, which has already upheld the right to preach treason as more important than the rights of millions of other Americans to be protected against the effects of reasonable activity inside and outside the United States.

here and abroad gave copper a healthier tone but demand hasn't revived, copper men say.

Uncle Sam has come to the rescue. Congress is considering a proposal for the strategic stockpile to buy up to 150,000 tons of copper at the market price, up to 27 cents a pound, for the stockpile.

The copper industry is looking for some tariff relief soon, too. July 1, barring action otherwise by Congress, the suspended tariff will be restored. At the current market price in the 25 to 26 cents range the tariff amounts to 1.7 cents a pound, enough to block off some foreign metal at the higher prices recently set abroad.

So They Say

Man has broken into the secret powerhouse of matter, perhaps reverently, and released forces beyond his power to control. . . We are afraid because we have seen man, by the light of an atomic flash, yet we know almost nothing of this man. — Rev. Robert E. Naylor, Ft. Worth, Tex., Baptist minister.

Young people in America today are relatively privileged, yet strikingly insecure. . . Partly it is because there seem to be no firm moral standards by which youth can live in the present rapidly changing society. — Dr. Paul M. Limbert, secretary - general of World Alliance of YMCA.

County GOP Plans Meeting June 30

The Columbiana County Republican central committee will hold a dinner meeting Monday, June 30, at 6:30 p.m. at the DAV Home in West Point, Chairman James McSweeney of Wellsville announced today.

Two hundred are expected to attend the event and a state organization speaker from Columbus will be heard.

All successful candidates for state and county offices, as well as unsuccessful candidates, mayors of the various municipalities, officers of women's GOP groups and county officers have been invited.

County 4-H Members Will Attend Camp

LISBON — Nine-nine Columbiana County 4-H junior members will attend the county 4-H camp starting Saturday noon at Camp Aldersgate, a Methodist Church camp a Leesville Lake.

The youths will camp until Wednesday noon when 37 older 4-H members will arrive and camp until Sunday. In the older group will be the county 4-H band members who will have practices.

Don Myers and Miss Julia Shank, assistant county extension agents and 4-H club advisors, and older 4-H members will act as advisors at the county camp.

District Girl Burned When Hose Bursts

Miss Margaret Null, 15, daughter of Mr. and Mrs. John R. Null of 226 S. Elm St., Columbiana, sustained first degree body burns when a hot water hose burst in the basement of her home Wednesday night.

She is reported in fair condition at City Hospital.

Route 172 Project Clearing Is Begun

The removal of trees and stumps and general clearing is now underway east of New Franklin at the Columbiana-Stark County line on Route 172 for a scheduled highway improvement.

Sutton and Stewart of Bridgeport, low bidders for the one and one-half mile improvement that will see the route widened, drainage provided and then resurfaced with asphaltic concrete, are expected to start excavation work July 1.

The \$93,000 project east of New Franklin was bid in at \$79,984, with \$7,798 also needed for right-of-way costs.

Ohio Edison and the General Telephone Co. are expected to have the utilities cleared shortly. Garrett Willis will be the project engineer for the Ohio Department of Highways.

Traffic will be maintained throughout the work period with the improvement scheduled for completion in September, according to William E. Quicksall, deputy director for Division 11 of the Highway Department.

face "a critical political handicap in the 1958 campaign."

Sen. Frank A. Barrett (R-Wyo.), seeking re-election, said he had believed that Adams ought to resign, but added:

"In view of the President's splendid record on integrity and honesty in government, I have no other course than to leave the decision in his (Eisenhower's) hands."

Among Republican state chairmen calling for Adams' resignation or ouster were Richard H. Shaw of Colorado, Daniel L. Louchery of West Virginia, William Cobb of North Carolina and Thomas Judd of Utah.

Many Democrats held their fire, obviously waiting until late in the campaign. But there was a rising chorus of criticism.

Dancing Is Planned At Potters' Picnic

Free dancing from 2 p.m. to 5 p.m. will be one of the events on the entertainment program at the 30th annual Potters' Picnic Saturday at Meyers Lake Park in Canton, Albert Kenst of Salem, picnic chairman, announced today.

Potters and their families will dance in the Moonlight Ballroom to a six-piece live orchestra, Kenst said.

A previous picnic committee announcement mistakenly said the traditional dancing event would be canceled, Kenst added.

A crowd of 35,000 persons from ceramic centers throughout the eastern United States is expected to attend the event. Members of the International Brotherhood of Operative Potters are expected to attend the picnic from Ohio, Pennsylvania, West Virginia and other states in the East and Midwest.

Hays To Participate In Band Benefit Here

Congressman Wayne L. Hays will participate in flag dedication ceremonies at the first annual Fourth of July celebration at Reilly Stadium July 4, Castle M. Smith, executive secretary of the Salem Chamber of Commerce, announced.

Rep. Hays will present a flag to representatives of the Salem Historical Society, Smith said. The flag flew over the Capitol in Washington, D.C., on Veterans Day, Nov. 11, 1957.

It will be dedicated for theillage Green. The dedication will be held in conjunction with the celebration for the benefit of the Quaker City Band.

Also on the evening's program, which will start at 8 p.m., will be a concert by the band, specialty acts, and a fireworks display. Tickets for the event went on sale this week. The charge is \$1 for each individual ticket or 6 for \$5.

Children under 12 years old will be admitted free if accompanied by parents.

curated" if U. S. aid had not been accepted.

The resolution forwarded to President Hector Trujillo, the generalissimo's brother, asked for an end to agreements providing U. S. military aid of \$600,000 a year; technical assistance, and cooperation on peaceful uses of atomic energy.

If the Trujillo cancel the missile-tracking agreement, the United States could look next door to Haiti, which has offered to serve as a tracking base.

Young Trujillo at 29 is head of the Dominican air force and this week was made head of the combined chiefs of staff. U. S. congressmen first criticized him for his lavish expenditures in Hollywood when he was supposed to be attending the U. S. Army's Command and General Staff School in Leavenworth, Kan.

The Dominican government

countered that Trujillo was a rich man and was spending his own money.

Things might have calmed down if Rep. Charles B. Brownson, an Indiana Republican, hadn't revealed last week that Trujillo Jr. wasn't graduating from Leavenworth because he hadn't finished the course. The generalissimo retaliated with an anti-U. S. blast, ordered 30 Dominican cadets and officers out of U. S. military schools, and summoned his Congress to act.

Young Trujillo, who is divorcing his wife, has returned to Hollywood. Zsa Zsa said she would try to find him a new spouse and would throw a party for him aboard his family yacht, which came to California to sail him home.

County To Transfer Tuberculosis Patients

LISBON — Columbiana County Commissioners were notified today that they must transfer six county patients now residing in the Tuscarawas Valley Sanatorium operated by Tuscarawas County since 1937. Tuscarawas County plans to close the sanatorium June 30.

Columbiana County has had patients at the sanatorium since 1940.

Ruscarawas officials say that because of a reduction in the number of patients and rising costs, the tuberculosis hospital has been operated at a loss ranging from \$25,000 to \$40,000 each year.

Columbiana County has made arrangements with Rocky Glen Sanatorium at McConnellsville to take the county patients.

ATTENDING LIVESTOCK SALE

LISBON — John Raley of Signal, chairman of the Columbiana County Sheep Association, George Simon of Unity, Homer Royer of Columbiana and Don Myers, assistant county extension agent, are attending the Livestock Production Coop Sales Association sale at Mt. Vernon today.

They will inspect ewes and possibly purchase ewes to start a sheep program in Columbiana County for 4-H club members and Future Farmers of America members.

Area Group Plans Talks With Plant Officials Friday

The board of directors of the Salem Area Development Council expects to meet Friday with officials of the American-Standard Corporation's Youngstown Kitchens Division in an attempt to persuade the company to change its mind against consolidating the Kitchens Division operations in Warren.

Atty. Walter J. Hunston, president of the Area Development Council, who announced today's plans to confer with the plant officials, said the mayor and other civic leaders would be urged to attend the meeting.

C. D. Alderman, president of the Youngstown Kitchens Division, announced Tuesday that the firm would concentrate its kitchen manufacturing operations at its Warren plant, and use the local plant for contract stamping and tool and die work.

Mr. Hunston said "The Area Development board members are even willing to talk with Standard officers in New York if necessary to show them that we are vitally concerned."

Thinking of his future?

We can help you make a better one for him.

He's just a boy now... but how time flies! Soon he'll be through with school and up against a highly competitive business world. Will he be ready?

Nothing can take the place of the training he receives at home, in church and school. But you can add to it.

Think how important it is to him to develop initiative, personality, and self-confidence... to learn to shoulder responsibility, to work with other people and to handle money. There are men in our circulation department who make a career of developing these qualities in boys, and training them in the basic principles of business... service, sales, and collections.

This training, coupled with the experience of managing a route of his own and the satisfaction of earning his own money, will do wonders for your boy.

If he's old enough (12 or older), have him contact the circulation department and apply for a route. His application will be carefully considered for the first opening in his area.

You'll glow with pride when he says, "Dad, I'm in business now."

Burbick-Shoemaker Nuptials Held In North Lima Church

Good Hope Lutheran Church in North Lima was the scene of the Sunday afternoon wedding of Miss Margery Burbick, daughter of Mr. and Mrs. Leon Burbick of RD, Columbiana, and Lamar Shoemaker, son of Mr. and Mrs. Arthur Shoemaker of North Lima.

The double ring ceremony was performed by the Rev. Samuel Gross, before an altar decorated with vases of calla lilies, twin seven-branch candelabra and banked with palms, schefflera and grape ivy.

The soloist, Paul Crouse of North Lima, uncle of the bridegroom, sang "I Love You Truly," "O Promise Me" and "Because," accompanied by the organist, Mrs. Walter Baisler of Poland.

Given in marriage by her father, the bride wore a gown of Chantilly lace over taffeta, fashioned with a scoop neckline and bouffant skirt ending in a chapel train.

A crown of iridescent sequins and pearls held her fingertip veil. She carried a white orchid on a white Bible, showered with stephanotis.

The bride's attendants were attired in ballerina-length gowns of white embossed nylon over pastel taffeta. The bodice featured a scoop neckline, ending in a V in the back. A matching taffeta cummerbund accented the full bouffant skirt.

Miss Norma Burbick, sister of the bride, was maid of honor and wore a face veil attached to a crown of iridescent sequins and pearls, with her gown of white over pink taffeta.

Miss Helen Jean Burbick, sister of the bride, and Miss Dawn Shoemaker, sister of the bridegroom, were bridesmaids. Their gowns were white over blue and green, respectively. They wore floral headbands.

The attendants carried colonial bouquets of white carnations.

The flower girl, Maureen Burbick, sister of the bride, wore a dress of white nylon over blue taffeta and a floral headpiece. She carried a basket of rose petals.

Tom Griffith of North Lima was best man, and Harry Burbick, brother of the bride, and Jim Conway of Poland were ushers.

White carnation corsages complemented the ensembles worn by the mothers of the couple. Mrs. Burbick chose a navy lace dress with poudre blue accessories, while Mrs. Shoemaker wore a blue dacton dress with white accessories.

Two hundred guests from Idaho Falls, Idaho, Plain View, N.J., New Castle, Columbiana, Alliance and Beaver Falls attended the reception in the church parlor.

Pink roses and white bells decorated the four-tiered wedding cake which centered the bride's table.

For her wedding trip, Mrs. Shoemaker chose a grey tweed dress with white accessories and an orchid corsage.

Miss Helen Jean Burbick, sister of the bride, and Miss Dawn Shoemaker, sister of the bridegroom, were bridesmaids. Their gowns were white over blue and green, respectively. They wore floral headbands.

The attendants carried colonial bouquets of white carnations.

The flower girl, Maureen Burbick, sister of the bride, wore a dress of white nylon over blue taffeta and a floral headpiece. She carried a basket of rose petals.

Tom Griffith of North Lima was best man, and Harry Burbick, brother of the bride, and Jim Conway of Poland were ushers.

White carnation corsages complemented the ensembles worn by the mothers of the couple. Mrs. Burbick chose a navy lace dress with poudre blue accessories, while Mrs. Shoemaker wore a blue dacton dress with white accessories.

Two hundred guests from Idaho Falls, Idaho, Plain View, N.J., New Castle, Columbiana, Alliance and Beaver Falls attended the reception in the church parlor.

Pink roses and white bells decorated the four-tiered wedding cake which centered the bride's table.

For her wedding trip, Mrs. Shoemaker chose a grey tweed dress with white accessories and an orchid corsage.

FAMOUS RETREAT

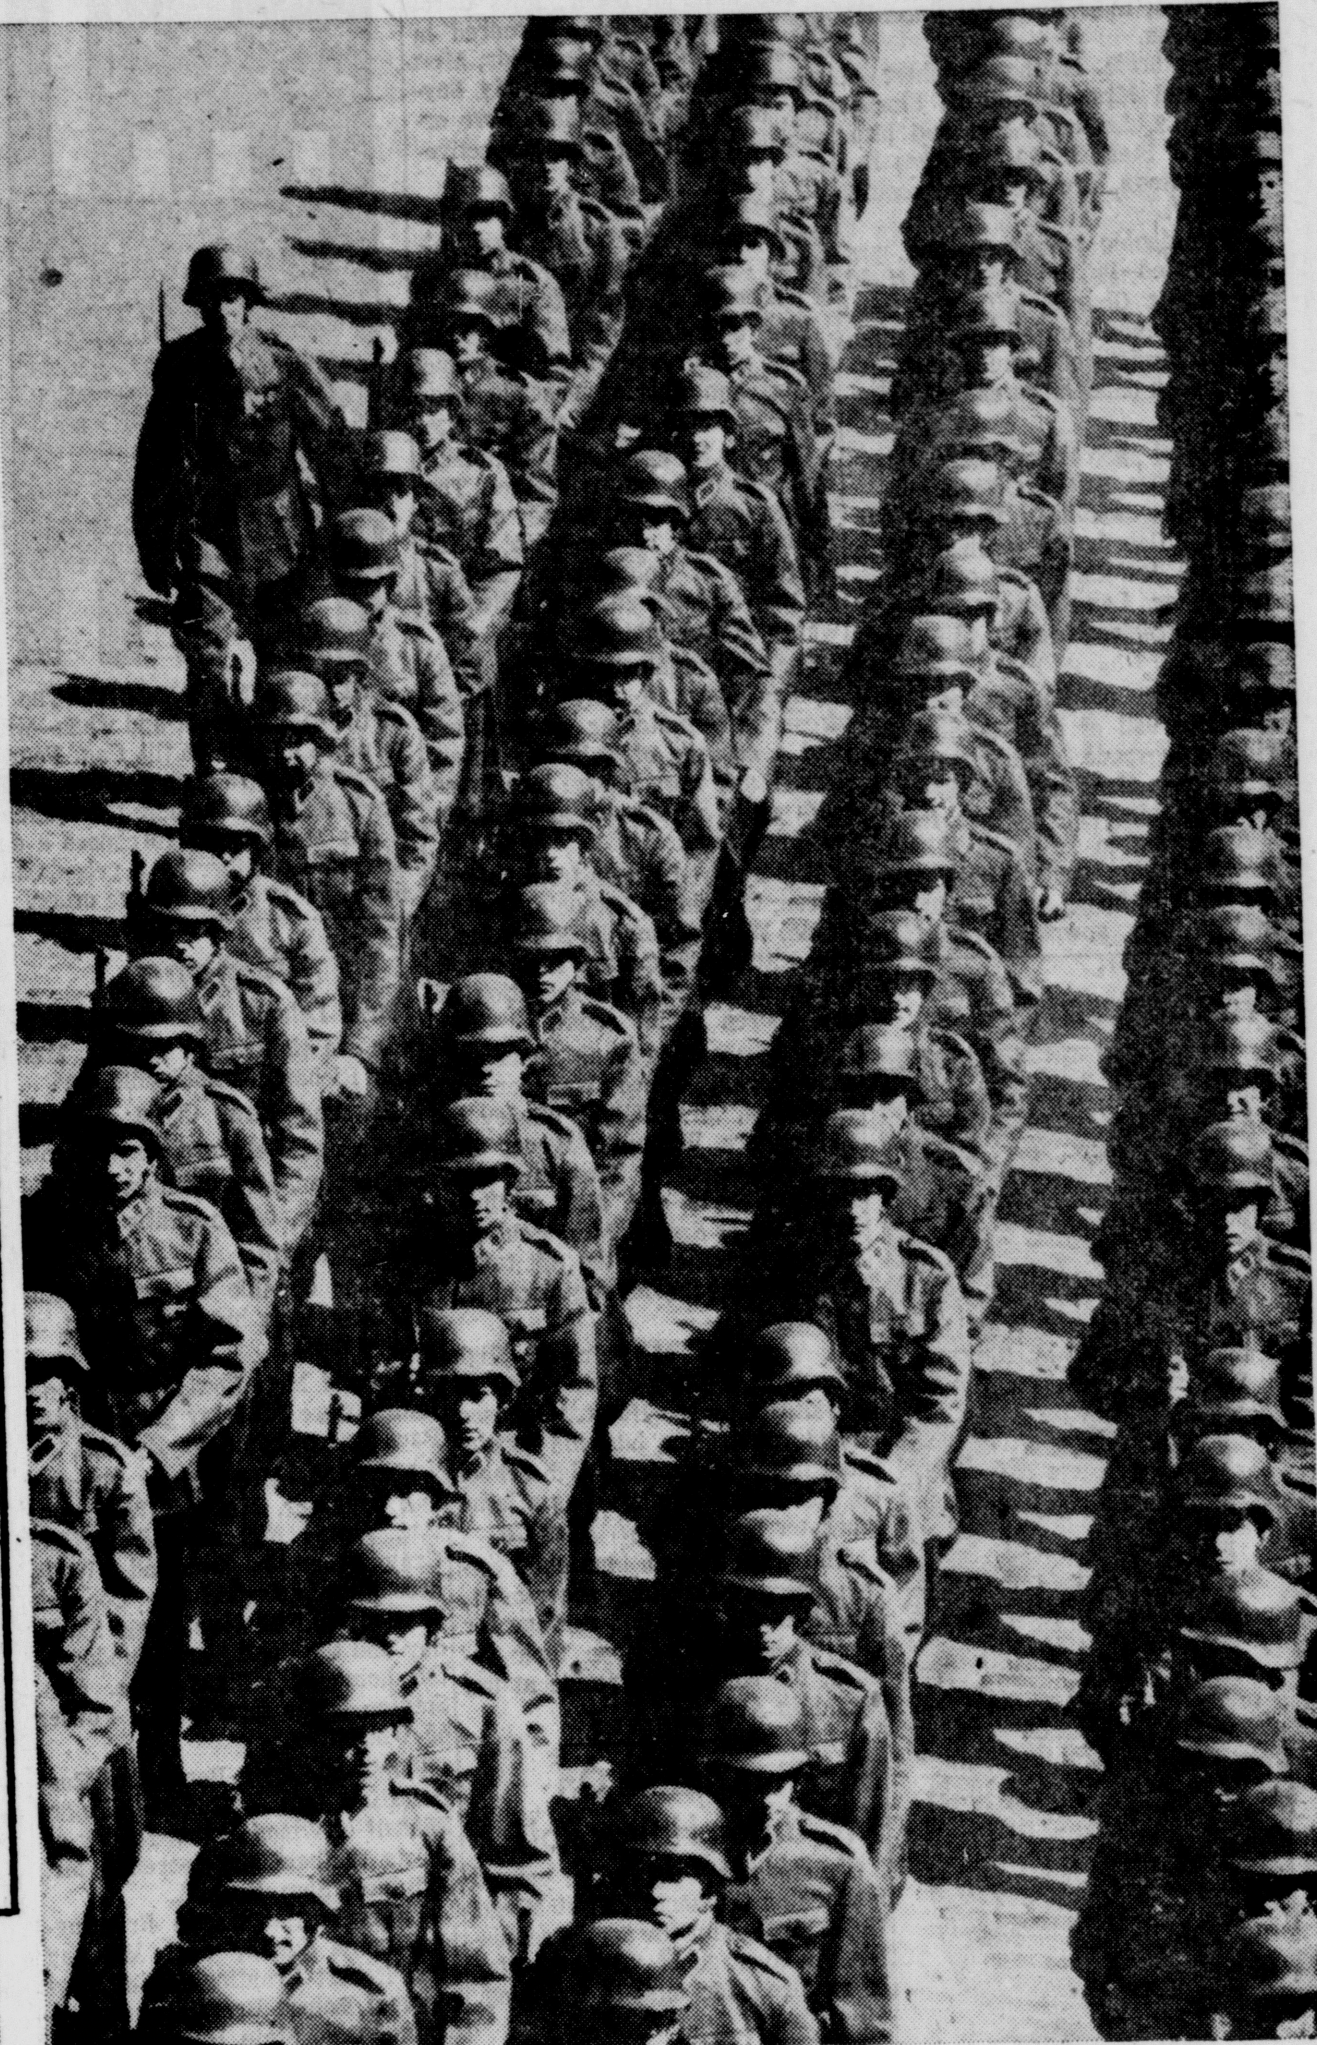

LIKE MANY villages in France, Colombey-les-Deux-Eglises was noted for its milk and cheese, but it took an uprising in Algeria to put the village in the center of world attention. One of its 363 inhabitants is Gen. Charles de Gaulle, new premier of France. Now the 143 houses, four winding streets, a 15th century church and high-walled estate of De Gaulle are famous. Country church is the one where the general and his wife, Yvonne, hear mass on the tenth bench on the left. The village is no longer a sleepy one. Reporters and photographers from throughout the world have awakened it from sleep. (UPI)

Miss Bonnie Sinsley Becomes Bride of James Earl Stark

James Earl Stark and his bride, the former Bonnie Lou Sinsley, are honeymooning through the South, following their marriage Saturday afternoon.

The bride is the daughter of Mr. and Mrs. Russell G. Sinsley of RD 2, Leetonia. Mr. and Mrs. Forrest Stark of 29 N. Cross St., Columbiana, are the bridegroom's parents.

The double ring ceremony was performed in the East Fairfield Methodist Church, with the Rev. Mark George officiating. Palms, ferns, baskets of peonies and seven-branch candelabra enhanced the altar.

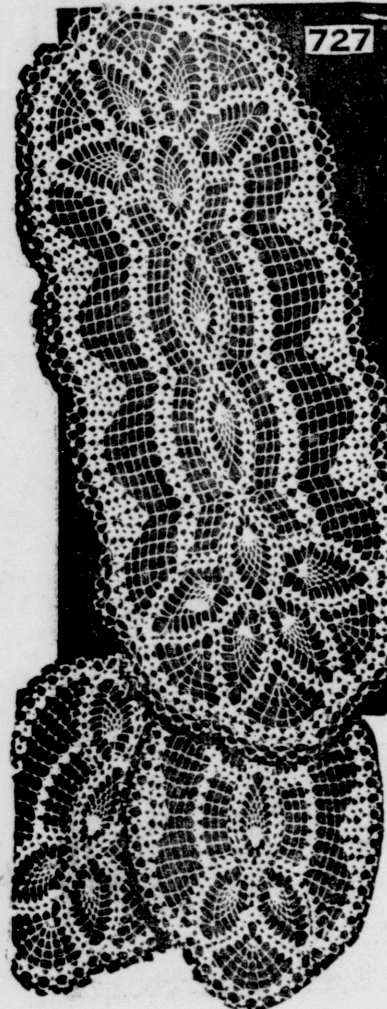

Nuptial selections were played by Miss Eileen Grim.

For her wedding, Miss Sinsley chose a floor-length gown of white brocade taffeta styled over princess lines. Long sleeves and a V neckline highlighted the fitted bodice.

A crown of flowers held her fingertip veil of illusion. She carried a cascade arrangement of white carnations and ivy. She was given in marriage by her father.

Appearing in ballerina-length gowns of lace and taffeta were the maid of honor and two bridesmaids. The gowns were styled

with lace bodices and full taffeta skirts.

The maid of honor, Miss Carol Weikart of Leetonia, appeared in green, while the bridesmaids, Miss Carol Keslar and Miss Judy Snyder, both of Columbiana, wore orchid and yellow gowns, respectively.

Miss Karen Sinsley was her sister's junior bridesmaid. Her ballerina-length gown was fashioned of pink organdy and taffeta.

The attendants wore matching velvet and organdy headbands and mitts, and carried cascade bouquets of tinted carnations and ivy.

Charles M. Stark of Columbiana was best man for his brother. The ushers were Russell Sinsley of Leetonia, brother of the bride, Dean L. Stark of Columbiana, brother of the bridegroom, and Richard Weber of Columbiana.

For her daughter's wedding, Mrs. Sinsley chose a pure silk beige dress with matching accessories, and a corsage of Talisman roses. Mrs. Stark wore a blue lace dress with white accessories and a white rose corsage.

Two hundred guests from Salem, Akron, Cleveland, Leetonia, Columbiana, Washingtonville, North Jackson, Pittsburgh, Canton, Lisbon and Windam attended the reception in the church social room.

Hostesses were Leah Yealey of Columbiana, Grace Wagoner of Cleveland, Mrs. Wilbur Sinsley of Akron, Mrs. William Wagoner and Judy Wagoner of Windam, Mrs. Rollie Esterly and Mrs. William Pritchard of Salem. Mrs. Paul Esenwein presided at the gift table, and Charlotte Snyder registered the guests.

A graduate of Fairfield High School, Mrs. Stark is employed as a waitress by the Howard Johnson Restaurants. Her husband graduated from Columbiana High School in 1956 and is employed as a lathe operator by the E. W. Bliss Co.

The bride chose a blue plaid cotton dress with white accessories, and a white carnation corsage for her wedding trip. Upon their return, the couple will reside at 883 Franklin Ave.

Six From Salem On Mt. Union Honor Roll

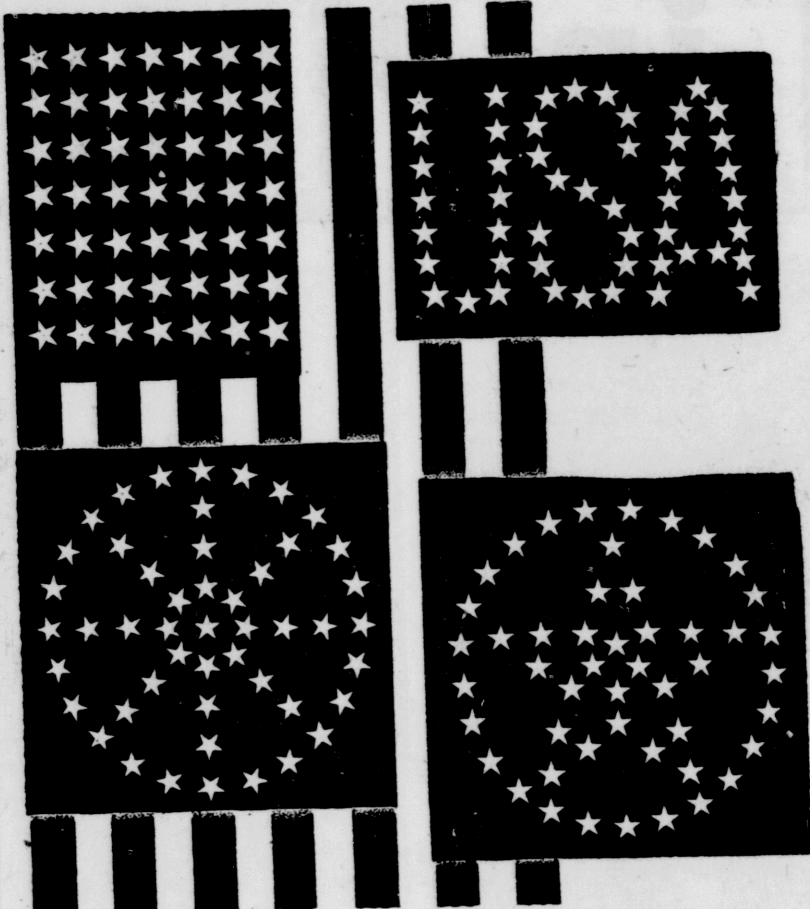

Six students from Salem earned a place on the honor roll at Mount Union College for the spring semester. An average of "B" or better is required for such a standing. These were:

James Cosgarea, son of Mr. and Mrs. James Cosgarea of 208 Jennings Ave., who will be a senior next fall; Richard Zimmerman, a son of Mr. and Mrs. Carl Zimmerman of 330 Vine, a sophomore, and the following four who will be members of the junior class:

Lloyd Fitzpatrick, son of Mr. and Mrs. Russell Fitzpatrick of 744 1/2 N. Lincoln; Dale Garlock, son of Mr. and Mrs. S. W. Garlock of RD 4; Marcia Henning, daughter of Mr. and Mrs. A. V. Henning of 1273 E. State St., and Joan Schuller, daughter of Mr. and Mrs. Michael Schuller, 945 Fair Ave.

Mrs. Wallace Drace of Desloge, Mo. is visiting her parents, Mr. and Mrs. Clyde Biddison of Park Ave. Mrs. Biddison will accompany her daughter home Saturday.

STAR-TLING DESIGNS—The admission of Alaska to the Union as the 49th state—if and when—will pose at least one problem: where to place its star on the flag. Four possibilities, each of which has its supporters, are shown above. While questions concerning Old Glory are handled by the heraldic branch of the Army Quartermaster Corps, it has no authority to choose a design. In the past design has been determined either by a presidential commission, congressional committee or by an executive order.

Winona

Mrs. Leland Johnson and son, Dick are visiting her mother, Mrs. John Richard of Louisville, Ky.

Mr. and Mrs. Clyde Bennett, Samie and Beth are staying with her mother, Mrs. William Rush of Hanoverton, who recently fell and broke her arm.

Homer Gamble Sr. spent Father's Day with his son, Alfred at New Garden.

Mr. and Mrs. Lowell Ewing and family were Saturday guests in the Paul Green home at Byhalia.

Mr. and Mrs. Macy Stanton and daughter, Mary of Westtown, Pa., visited Mr. and Mrs. Hillis Gray over the weekend. While here they attended the Coppock reunion at Firestone Park Saturday and the Cope picnic Sunday at the home of Willard Cope. Mrs. Stanton is the former Alta Fowler of Winona.

Samie and Beth Bennett of East Palestine and Anita and Peggy Bennett of Winona spent Friday as guests of their grandparents, Mr. and Mrs. Sam Bennett.

Guests in the Martin Brantingham home Sunday were Mr. and Mrs. Robert Brantingham of Warren and Robert Brantingham, student of Ohio State University, Columbus.

Rev. and Mrs. Larkin Hadley visited her sister and brother-in-law, Mr. and Mrs. Francis Rice of Alliance Sunday and Monday.

Four Business Places Entered by Thieves

LISBON — Thieves looted four business places in Columbiana County early Wednesday morning and took \$313.22 in cash and merchandise, according to Sheriff Russell J. VanFossan.

At the Y-Inn, south of Rogers on Rt. 7, the thieves broke open a cigarette machine and juke box taking approximately \$17 in small change in addition to \$200 in cash from a cookie jar which was hidden away. The burglars broke a side window to gain entrance to the tavern.

At Manchester's Market, at the junction of Rts. 7 and 14, east of Columbiana, food costing an estimated \$61.50 was stolen. The intruders gained entrance to the market through a window, deputies said.

Thirty-four dollars worth of cigarettes were taken at the Salem Drive-In Theater.

The other breaking and entering was at Barber's Service Station on Rt. 62, east of the Stark-Columbiana County line. Thieves broke open a cold drink machine and took an undetermined amount of cash.

KILLED IN COLLISION

FREMONT, Ohio (AP) — An auto-truck collision on the Wood-Sandusky County line at the intersection of U.S. 6 and Ohio 199 Wednesday killed Guy Sarvas, 79, of Orlando, Fla. His wife, Pearl, was injured critically.

2 Piqua Girls Drown, Another Is Rescued

PIQUA, Ohio (AP) — Christine Little, 12, and Diane Lorane, 13, drowned Tuesday and another girl, Ginger Stambaugh, 14, was rescued from Spring Creek near here. All were from Rt. 2, Piqua.

Joe Cottrell, 2, who heard one of the girls scream, pulled Ginger from the water, but he told sheriff's deputies he was not aware of the other two until the rescued girl was revived.

The bodies were found in about eight feet of water. Authorities theorized that the girls stepped in to the water while playing.

Proposed Tolls For Vessels Using New Seaway Announced

WASHINGTON (AP)—Proposed tolls for ships using the St. Lawrence Seaway, opening next April, were made public Wednesday.

The proposals, said the St. Lawrence Seaway Development Corp., may form the basis of recommendations that it will submit for approval by the U.S. government.

Similar action, the corporation said, will be taken by the St. Lawrence Seaway Authority of Canada. The two agencies are constructing and will administer the operation of 27-foot-deep international waterway.

The recommendations made public were submitted to the two agencies by the U.S. and Canadian toll committees. The two, the corporation said, are in complete agreement.

Main features of the proposed toll structure are:

For each passage through the entire seaway—Montreal to Lake Erie—vessels will be charged six cents for each gross registered ton of the ship; and, in addition, 42 cents a ton for bulk cargo and 95 cents a ton for general cargo.

Bulk cargo includes such commodities as grain and grain products loose or in sack, ores and minerals, liquids in ships' tanks, pulpwood, poles and logs, woodpulp, waste paper, iron and steel, scrap and pig iron. Domestic package freight of each country will also take the bulk cargo rate.

"All commodities not included in the definition of bulk cargo will be classified as general cargo."

For each passage, Montreal to or from Lake Ontario only, ships will be charged four cents for each gross registered ton of the ship; and, in addition, 40 cents a ton for bulk cargo and 90 cents a ton for general cargo.

For partial transit of the new seaway facilities—between Montreal and Lake Ontario—where there are seven locks, users will be charged 15 per cent of the applicable toll for each lock transited.

On the Montreal-Lake Erie stretch of the seaway, Canada will receive 71 per cent of the tolls and the United States 29 per cent. Tolls collected for use of the Welland Canal will go to Canada.

FISHING FOR WHAT?—Russian fishing trawler "Puschkin," above, is one of a total of six Red "fishing boats" that have been on constant station in international waters some 100 miles off Nova Scotia since April 1. When one boat leaves, another takes its place. What puzzles U.S. Navy officials is the constant presence of the boats in the same area and several hundred buoys which are located around the fishy fleet. Speculation: they might constitute some type of tracking set-up.

'59 Ohio Auto Plates Will Be White, Red

COLUMBUS, Oh (AP) — The 1959 Ohio automobile license plates will have a white background and red numerals and letters.

William Bishop, Ohio Penitentiary business manager, said Wednesday about 200 inmates are busy stamping out and painting the new license plates, which will go on sale March 1, 1959.

It takes more than 75 railroad cars to haul the steel needed for the plates. Penitentiary inmates made 4,114,487 pairs of 1958 license plates for every type of motor vehicle registered in Ohio. Indications are the number needed

next year will be as large.

The inmates will work through February finishing the 1959 plates, using up 2,300 tons of steel and 21,000 gallons of paint. They can turn out about 32,000 plates a day.

Countian Is Penalized On Contributing Count

LISBON—Clarence Eldon Wright Jr., 22, of East Liverpool RD 1, was found guilty at a hearing Wednesday before Juvenile Judge Louis Tobin on a charge of contributing to the delinquency of an East Liverpool girl.

Wright was sentenced to one year in the county jail and fined \$1,000 but Judge Tobin suspended the jail sentence and half of the fine on certain conditions.

Yankees Tally 3-2 Victory Over Tribe

CLEVELAND (AP) — To say New York Yankee pitching has shackled Cleveland batting is an understatement.

For the second game in a row the Indians managed only three hits off the hurling of the American League champions Wednesday night Art Ditmar and Ryne Duren teamed up to toss a 3-2 victory over the Tribe.

The first frame told the story of Cleveland's loss.

Hank Bauer, the first batter, slammed a fast ball thrown by Jim (Mudcat) Grant over the left field fence. Two outs later, Bill Skowron singled and rode home when Elston Howard smashed a home run beyond the left center field screen.

That was all the scoring for the Yanks as Grant bore down and limited them to three hits in the next eight frames. He fanned six and walked four.

But Cleveland hitters were weaker against starter Ditmar and Duren. Holding the Tribe hitless for 5 1-3 innings, Ditmar finally yielded two runs in the sixth on an error, singles by Minnie Mico and Mickey Vernon and a sacrifice fly by Rocky Colavito.

After Grant doubled over Mickey Mantle's head in the center with two out in the seventh, New York Manager Casey Stengel summoned Duren in from the bullpen. The fireballing relief ace retired the next seven batters.

Gary Bell (2-0), who hurled two hitless innings the last time he faced the Yanks, attempts to salvage the final game of the three-game set today. He is opposed by Johnny Kucks (4-3) who lost both ends of a doubleheader against Cleveland the last time the Indians were in New York.

Bar by his sterling pitching performance, he also collected two of his team's eight hits, Jim Cosgarea and Gordon Arndt also hit safely twice for Herron.

In the other Class AA contest, Old Dutch trounced the Farmers National Bank 15-1 behind a 12-hit attack and two-hit pitching of Henry Miller.

Fireside Inn edged Friends Church 4-2 and B.&W. Research walloped Electric Furnace 12-4 in the two Class A games played at Kelley Park Wednesday night.

A run in the first inning, two in the third and another tally in the fifth frame accounted for Herron's runs. Gould was the losing pitcher. His teammates committed five errors compared to three by the Herron team.

Old Dutch, playing errorless ball, scored five runs in the first, second and fourth innings in its lopsided victory over the Farmers National Bank. Four of Old Dutch's hits were homers, three of which came in the second frame.

"Bounce" Grimes showed Old Dutch the way in the first inning with a four-bagger with one on. Charley Klan belted his homer with a mate board in the second, and his blast was followed by another by Sam Pridon, the next man up. Bob Ferguson also smashed a round-tripper with one on later in the inning.

Farmers Bank, who made four miscues, chalked up its lone tally in the last of the fifth inning, the final frame of the abbreviated game.

Fireside outthit Friends 3-6 to post its 4-2 victory. Mickey Sanfrey and Jim Weizencker of Friends and Dave Williams, Bob Faulkner and D. Davis of Fireside Inn collected two hits each in the contest.

Fireside took a 3-0 lead in the last of the second inning. Friends scored their first two tallies in the top of the sixth, but Fireside added another run in the bottom half of the inning to pull two runs ahead to stay.

B&W Research came across with four runs to lead Electric Furnace 4-1 in the opening inning and was never headed thereafter.

The Researchers collected one run in the second, two in the third three in the fourth and two in the seventh to cement their victory.

The Furnace managed to pull within one run in the top of the third by tallying three miscues.

Nigro turned in a creditable two-hit performance for the Researchers, while his teammates pounded out nine hits. Furnace made seven miscues and B&W was charged with four.

Salem Red Cross Chapter Offering Life Saving Courses

The Salem Red Cross Chapter again this year is offering water courses in junior life saving and senior life saving, and a new course in instructor aides.

Classes will be under the supervision of John Cabas, water safety director. Registration will be handled by the Red Cross and classes will be conducted at the pool, Salem Country Club and Seva Lake. Classes will begin as soon as a quota has been reached.

Boys and girls aged 12 but under 15, or who are students in the seventh to 10th grades inclusive, are eligible to take life saving instruction and qualify for Junior life saving certificates, providing they are in sound physical condition and have no physical handicaps that would render them unable to perform any of the required skills.

Persons are eligible to qualify for the senior certificates if they have passed their 16th birthdays, or are students in or above the 11th grade, and can meet the physical qualifications.

Members of both groups must possess enough swimming ability to pass the required eligibility tests indicated in the courses.

To qualify for the instructor aide courses, persons must be sixteen years or older and must hold a senior life certificate.

The Red Cross urges those who are qualified to take the courses as there is a need for qualified life savers and instructors in the area.

In conjunction with the program, to water safety tips were offered today by Mr. Cabas.

They are: Learn to swim, always swim with another person, swim in a safe place, know the area. Respect the water and know your limitations, use discretion, try to remain calm in case of trouble (assume a floating position, keep your hands under the water and slowly move your hands and feet).

Keep safety equipment in your boat or canoe, stay with your boat or canoe (most small crafts will float even when filled with water or overturned), and conform to the rules set up by various swimming areas.

At one stretch Giel retired 16 Pirates in order. He was not around at the finish, however, and he was a little disappointed. Rigney called upon veteran right-hander Marv Grissom after Giel had given a leadoff single to Bill Mazeroski in the 10th and had a two-ball and no-strike count on pinchhitter Dick Schofield. Grissom got Schofield on a foul, struck out pinchhitter Johnny Powers and forced Bill Virdon to ground out.

"Naturally, I wanted to finish the game but Rigney is running the ball club and he knows more about baseball than I do," Giel declared. "Grissom is a great pitcher."

Tommy Bolt Leads Field In Flint Open

FLINT, Mich. (AP) — The longest course of the year and the biggest prize so far challenged pro golf tourists today with the start of the \$52,000 Flint Open start of the \$52,000 Flint Open Tournament.

National Open champion Tommy Bolt put his new reputation on the line in going after the winner's pot of \$9,000, sought also by numerous other top names of the pro set.

Warwick Hills, scene of the battle, confronted the pros with 7,280 yards — the longest any have played this year. Its par is 72.

Experts say Bolt, despite his new found temperament control system, will have trouble. That would be because of the strain all golfers experience in winning the Open. They don't ordinarily come back fast.

A field of 145, including 134 pros and 11 amateurs, was entered. All in all, it was sized up as a rasher field than that which took part in the Open.

Among the missing top men was Cary Middlecoff. Middlecoff withdrew because of the wrist injury suffered in the last round at Tulsa last week.

Among the contenders were South Africa's Gary Player, runner-up in the Open, and Arnold Palmer, Ken Venturi, Gene Littler and Dow Finsterwald.

Old Dutch Did Win!

Old Dutch beat Lincoln Machine 7-5 in Tuesday night's Class A game at Kelley Park. The lead paragraph and the headline incorrectly stated yesterday that Lincoln Machine had won. The rest of the story was correct.

White Sox Blasted 13-9 By Red Sox

By Associated Press
Poor old Casey Stengel. His New York Yankee pitching staff was so thin he had to get some help with a trade. So what happens?

Southpaw Whitey Ford spun a three-hit shutout at Cleveland Tuesday. Then Case hauled Art Ditmar out of the bullpen Wednesday night and the right-hander pitched a no-hitter for 5 1-3 innings in his first start before getting reliever Ryne Duren's help for a 3-2 success over the Indians.

All of which leaves Duke Maas and Virgil Trucks, picked up in a deal with Kansas City, and Zack Monroe, recalled from Denver, still sittin' on their pinstripes.

Second place Boston, eight games back, blasted a 33-inning shutout string by Chicago pitching, hammering five home runs in a 13-9 victory over the White Sox. Baltimore defeated Kansas City 5-3. Detroit and Washington were idled by rain, but the Tigers moved into a third place tie with Kansas City.

In the National League, Don Newcombe gained his first victory of the season in his first appearance as a Cincinnati pitcher, defeating St. Louis 6-1. San Francisco defeated Pittsburgh 2-1 in 10 innings. Los Angeles beat Philadelphia 3-0. Milwaukee and the Chicago Cubs were stopped by rain.

Ditmar was breezing with a 3-0 lead, on first-inning homers by Hank Bauer and Elston Howard. Then an error and singles by Minnie Mino and Mickey Vernon cracked his no-hit spell and scored two unearned runs in the sixth. When he gave up a double by loser Jim (Mudcat) Grant in the seventh, Casey brought in Duren. The rookie right-hander fanned two in a hitless 2 1-3 innings of relief.

Mudcat (5-4) allowed only six hits, blanking the Yankees the last eight innings. A walk came ahead of the clinching home run by Howard, who was behind the plate instead of Yogi Berra, who had an eye test in effort to explain his .211 average.

Young Milt Pappas (4-1) gave up only five hits and two runs in his seven innings and produced the winning run with a double for the Orioles. A two-run homer by Gus Triandos, his 14th, triggered a three-run Baltimore sixth, unking Murry Dickson's shut out bid. Dickson now is 5-3.

Newcombe Hurls Redlegs to 6-1 Win Over Cardinals

Former Dodger Gives Up 6 Hits

Teams Swap Home Runs in 1st Inning

CINCINNATI (AP) — "One rose doesn't make a summer," says Manager Birdie Tebbets, but there is no getting around the fact the Cincinnati Redlegs' National League pennant hopes have been given a quick shot of vitamins by Don Newcombe.

Whether the vitamins continue to work remains to be seen, of course.

Wednesday night, however, Newcombe, the former mainstay of the old Brooklyn Dodgers, looked like the Newcombe of old as he hurled the Redlegs to a 6-1 victory over the St. Louis Cardinals.

Newcombe, a disappointment with the Dodgers last year, had an 0-6 record with the club at Los Angeles when Cincinnati got him in a trade earlier this week.

He allowed only six hits and, after a spell of wildness the first couple of innings, never was in trouble until the ninth when three straight singles loaded the bases with one out.

"I was trying to get ahead of them and they were hitting the first pitch," said the grinning and perspiring Newcombe about that ninth inning.

The last two batters never got the ball out of the infield.

Newcombe's fastball was crackling all through the game and he said, "I was throwing it 80 per cent of the time."

"I was throwing harder than at any time this season," he added. Tebbets, declining to go overboard over Newcombe's performance, said, "We know he's sound and if he's sound, he can win."

In the ninth inning, however, Tebbets heard some lusty boos from the crowd when he went to the mound to talk with Newcombe after the hurler had given up the three straight hits.

Tebbetts disclosed later he had no intention of removing Newcombe unless Big Don got the winning run on base.

"It was very important for him to finish this game," said Tebbetts. Newcombe said Tebbetts told him, "Take your time and finish this game. You're in the groove."

The big hurler admitted, "I was down, I really was" over his previous record this year.

Newcombe even contributed some scoring, singling to bring in the Reds' last run in their two-run seventh inning.

The teams had swapped home runs in the first inning, Stan Musial's coming first and equalled by Gus Bell.

But the Rhinelanders spurred to a 3-1 lead in the third, Alex Grammas' single and Jerry Lynch's triple produced one marker and after Bell walked, Lynch darted home on George Crowe's single.

Another redleg run came in the fifth inning.

The last St. Louis game in this series is tonight with Redleg Bob Purkey slated to start on the mound against Sam Jones.

TIM TAM'S ON HIS FEET — Tim Tam, Kentucky Derby and Preakness winner, stands in a stall at a veterinary hospital in Philadelphia after an hour and 22 minute operation on his injured right foreleg. Calumet Farm's trainer Jimmy Jones and nurse Ruth N. Kelly of the hospital staff check the injury.

Preparations Made For Cards' Tryout

Campbell will be one of the sites of the Cardinals' tryout camps when the Red Birds will look for potential big league talent at Roosevelt Field Monday and Tuesday, it was announced today by Farm Director Walter Shannon.

Experienced talent hunters will set the young aspirants through their paces starting each morning at 10 a.m. All players between the ages of 17 and 23 are invited to take part.

"We regard the Campbell area as fertile baseball territory," said Shannon, "and expect a good turnout. We're hopeful, too, of coming up with some bright major league stars of the future."

It is a real opportunity for an ambitious young fellow with a desire to get into professional baseball.

The Cardinals will supply the balls, bats and catching equipment, with each boy furnishing his own glove, shoes and uniform if he has one. Any player signed to a contract with one of the Cardinal-operated clubs will be reimbursed for his expenses incident to attending the camp.

To take part in the tryouts an American Legion player must have a letter of approval from either his Legion coach or post commander.

Eljer 6-3 Winner Over Deming Team

Eljer defeated Deming's 6-3 in a Pony League game which featured two homers Wednesday night at Centennial Park.

Eljer out-hit Deming's 10-6. Tom Furlong was the winning hurler. Pete Schmauch poled a home run and a double for Eljer. His teammates, Ed Enemark and Ed Eskey, also banged out two hits.

Chuck Hertel had a home run, and Don Wukotich collected two hits for Deming's.

Eljer tallied three runs in the first, two in the fourth and one in the seventh. Deming's scored one run in each of the first, fourth and sixth frames.

Deming's had three errors, while Eljer was charged with two.

Carmichael 3rd Ohio Pre-Seniors Champ

SPRINGFIELD, Ohio (AP)—E. W. (Hoagy) Carmichael of Springfield Wednesday became the third Ohio Pre-Seniors golf champion. The 40-year-old machine shop proprietor fired a 70-75-145 in the two-day affair on his home course, Springfield Country Club. It was Carmichael's first start in the tourney for golfers between the ages of 40 and 54.

30 Entered In Canfield New Car Race

A field of 30 will be in action at Canfield Speedway in the second 100-lap new car race of the year Saturday night.

Previous winner Bob James will be in the lineup with his 1957 Chevrolet convertible.

Only the speedy 1957 and 1958 models will be eligible to compete in this long grind.

Among the 38s entered are Iggy Katona, of Lambertville, Mich., in his Ford. Katona is a three time MARC new car champion.

Clyde Parker will tow his 1958 Chevrolet from Detroit, Paul Parks of Columbus and Carl Wilkerson of Youngstown have 1958 Studebakers. Walt Boslough of Sharon a 1958 Ford and Billy Erhardt of Poland a 1958 Edsel.

The nationally publicized Nelson Stacy will appear in his 1957 Chevrolet convertible. Stacy is a veteran of stock cars, spring cars and the MARC new car circuit.

Stacy and James are staging a duel for the MARC point leadership.

James, a modified star at Canfield on Saturday nights, has a 39-point edge over Stacy, with Willie Holt of Cincinnati running third.

Paul Wensink of Deshler, O., will attempt to better his third-place rating. Wensink, a one-armed pilot, has a 1957 Plymouth.

Bob Bower of Columbus, Jack Lawrence of Detroit, Chet Williams of Detroit and Ken Reeder of McConelsville, Pa., will race.

In addition to the 100-lap duel, there will be a trophy dash, two heat events and the Australian pursuit. Time trials start at 7 and first race at 8:30 p.m.

Hunt Club To Sponsor Local Boy at Camp

The Salem Hunting Club will sponsor the attendance of Stephen W. Vaughn at the Ohio Forestry Training Camp Monday through

the following Sunday, the club has announced.

Stephen, a graduate this year of Salem High School, is the son of Mr. and Mrs. Andrew Vaughn of Cunningham Road.

Courses to be offered at the camp include forest management, wood utilization, watershed man-

agement and reforestation and plantation management.

During his high school years, the local youth belonged to the High School Band and the Slide Rule Club and participated in several local and district music festivals.

The youth, who completed the Hunter Safety Course at the club

in 1955, plans to take agricultural courses when he enters Ohio State University in the fall.

This is the first year that the club has provided full sponsorship of a boy at the camp. In previous years the local organization assisted other clubs in the program.

PASSED BALL GOOD FOR A RUN — Willie Mays, San Francisco centerfielder, slides into home plate headfirst to score in the first inning on a steal and passed ball. Trying to make the tag is Bob Rush (17), Milwaukee pitcher covering home plate. Plate Umpire John Conlon calls the play. Mays hit a two-bagger, stole third and then romped home when the toss got by Eddie Mathews at third. Standing out of box is Orlando Cepeda, Giant first baseman. Milwaukee won, 10-9, in 11th inning.

COLUMBIANA

Two Teachers Resign; Lisbon Man Is Hired

COLUMBIANA — The resignations of two Columbiana School teachers were accepted at Monday night's school board meeting.

Mrs. Marie Gleeton, second grade teacher for the past eight years, has tendered her resignation and will be replaced by Mrs. Marian Warrick.

John McBride, art teacher and junior high coach resigned to teach elementary school art in the Struthers city schools. He will also serve as assistant basketball coach.

Thomas Mercer of the Lisbon schools has been employed to teach driving training and junior high mathematics in the Columbiana schools.

The Board awarded the contract to the Miller Yount Paving Company of Cortland to blacktop the parking area and other areas at the Dixon School. The bid accepted was \$7,850.

Local relatives received word of the sudden death of Ray L. Yoder at his home in Southgate, Calif. Mr. Yoder, a native of Columbiana, and his wife visited in Columbiana during the recent sesquicentennial.

JOHN ELDER, delegate to the Rotary International Convention at Dallas, Tex., gave a report on the convention at Monday night's meeting. He reported that 1,500 persons were registered for the convention. He was accompanied to Dallas by his wife and friends from Rochester, Pa. Visiting Rotarians were Dave Schewebel, of Boardman, Whitney Ingraham and Charles Webber of Lisbon.

James Sittler will serve as next week's program chairman and Rev. Clarence Sittler of Cincinnati will tell of his plane trip to Ecuador. He was in charge of a plane load of sheep sent by the church.

June 30, the closing meeting of the year, will be Lady's Night. New officers will begin their term at this meeting. The speaker, Dusty Miller of Wilmington, will give a humorous talk. Special music will be provided.

Rev. Donald Voelm of Grace United Church attended the dedication services Saturday of the new Evangelical and Reformed Camp Ohio, south of Mansfield. The 100-acre camp at Bellville is designed to serve Ohio district churches. Rev. Voelm will conduct the camp for a week in August.

Madge Snyder, Marcia Gasser, Bonnie Reash, Lynn Harrold, Linda Rohrer, Nancy Gray and Polly Voelm of the Grace United Church are attending the junior church camp at Dunkirk, N.Y. They will return home Saturday.

Mr. and Mrs. William Dudley and two sons, Michael and David of Charlottesville, Va., spent the weekend with her mother, Mrs. Esther Edgerton of Howard St. Mrs. Dudley and sons will remain for an extended visit.

Mrs. Russell Barrow has returned.

Miss Nancy Heltzel, a '38 high school graduate, has accepted a job in the Franklin Furniture Co. office.

THE HIGH SCHOOL CLASS of 1933 will hold a class reunion Saturday evening at Dill's Barn, followed by a dinner at Grace Church. Henry Todd is president and Mrs. Richard Thayer (Larue Miller) of Magnolia, secretary.

Mr. and Mrs. Royden Walker and daughter and Mrs. Mary Bingham visited Mrs. Mary Akins of Austintown on Sunday.

A birthday surprise party was given Saturday evening by Mrs. Clinton Faulk of West Park Ave. for her mother, Mrs. Anna Walker. Guests were her sister, Mrs. Fred Keeshaw of Rochester, N.Y., Mr. and Mrs. G. F. Dearth and Gene Justice of Youngstown, Mr. and Mrs. Z. D. Lotta of Canton, Mr. and Mrs. Ted Wiselogle of Cleveland and Mr. and Mrs. Kenneth Dowd and son, Miss Barbara Bair, Miss Catharine Nelson, Miss Judy Justice, Mr. Leroy Zimmerman, and Mr. and Mrs. Royden Walker and daughter of Columbiana.

TO HONOR YOUNGTOWNER CLEVELAND (AP)—The Treasury Department's silver lifesaving medal will be awarded Friday aboard the icebreaker Mackinaw to John E. Andrews, a Coast Guard engineer second class from Youngstown. Andrews, 21, crawled over ice on Lake Erie near Erie Pa. in February, 1957, to rescue Merle Schuster, Erie fisherman who had fallen through.

COVERDISH SET FRIDAY By Senior Citizens

The Senior Citizens will have a coverdish picnic dinner at noon on Friday instead of June 27 in the Centennial Park at Pavilion No. 2. Members are asked to bring their own table service. Beverages will be provided.

The picnic date was set ahead in order to have Lee Burton, who organized the club, as guest of honor. Members will bring their hobbies, collections or handicraft work. Mrs. Elsie Zimmerman is serving as chairman of the program.

The social committee in charge of dinner arrangements is comprised of Mrs. Elizabeth Jones, Mrs. L. C. Crumbaker, Mrs. Nellie Bonsall, Mrs. Dorothy Hannay and Mrs. Mary Lodge.

'OPEN INVITATION'—Chairman Oren Harris (D-Ark), right, says his House subcommittee probing federal regulatory agencies maintains an "open invitation to anyone" to come before it to testify about any charges involving them. The committee is currently investigating the alleged favors-influence case involving Presidential Assistant Sherman Adams and millionaire industrialist Bernard Goldfine. At left is committee counsel Robert Lishman.

HOTEL BILLS—Francis X. McLaughlin, House subcommittee investigator, shows hotel bills introduced in evidence as he testified in Washington that industrialist Bernard Goldfine had paid hotel bills for Presidential Assistant Sherman Adams at a New York hotel and a hotel in Plymouth, Mass.

Children Get Physicals At West School Clinic

LISBON — Twenty-seven preschool children were examined and inoculated at a clinic Wednesday at West Local School, Dr. C. A. Palmer, county health commissioner, reports.

Dr. Palmer was assisted by the West School nurse, Mrs. Shirley Hayman, and county health nurses, Mrs. Mary Alice Rumberger and Mrs. Violet Peterson.

The next clinic will be next Thursday for kindergarten children entering Lisbon exempted village schools next September.

Lisbon Bible School Picnic Set for Friday

LISBON — A picnic for daily vacation Bible school students, marking the end of the school, will be held Friday, according to Mrs. W. L. Lewton Sr., superintendent. Students will bring sandwiches but other refreshments will be furnished.

Over 200 children a day are attending the two-week classes at Lincoln School, sponsored by the Lisbon Ministerial Association Mrs. Lewton said.

KILLS DAUGHTER, SELF

CLEVELAND (AP)—Willie Wright, 32, an unemployed laborer who came here six months ago from Detroit, shot and killed his 8-year-old daughter, Connie, and himself Wednesday in a Cleveland hotel where the family lived. Aso shot in the head, but in fair condition, was Wright's 5-year-old son, William.

Florida Graduate School Integration Ordered by Court

TALLAHASSEE, Fla. (AP)—Integration of university of Florida graduate schools next fall was ordered by a U. S. District Court Wednesday and Gov. Leroy Collins said he expected no difficulty in complying with the decree.

State Sen. Randolph Hodges, started a move, however, to convene the Legislature in special session in an effort to find some way to block the order.

Collins rejected the idea of a special session. He said he saw nothing which could be accomplished.

The order by Federal Judge Dozier Devane broke the solid front of segregation in Florida. A case pending in U. S. District Court at Miami seeks to open public schools to Negroes.

Collins forecast that the Board of Control which supervises the university system will open the Florida State University graduate schools at Tallahassee to Negroes now that those at Florida have been ordered integrated.

Devane's order applies specifically to the college of law and the school of medicine, the four-year degree schools at the university. It also will apply to the graduate programs of the arts and sciences school, the school of education, the engineering school and college of agriculture.

Devane, 74, a staunch believer

in states rights said in a memorandum opinion he had no alternative but to issue the order in view of U. S. Supreme Court rulings.

Take Care Not To 'Stumble' Over Summer Work Hazards

Summer's the time to refresh your memory on "take care" routines in pursuing your chores around the house and yard. The season adds two hazards to the usual list of potential troubles.

In the first place, the general atmosphere of the season is conducive to a somewhat adrenergic approach to things. "Take it easy" is the feeling in the air, and accidents take no holidays.

Secondly, you are physically more vulnerable to minor injuries. The jacket and work clothes of fall and winter have been shucked in favor of slacks and an old shirt. There's more of Mr. Handy Man out in the open, ready to be snagged, nicked, bruised and skinned.

SPECIFICALLY: TAKE special care with tools. Make sure that handles of garden implements are smooth. If yours are roughed up, sand well and wipe down with linseed oil.

Wear inexpensive work gloves when handling any rough chores. So they're hot. So you're protected. Use them when moving such things as concrete blocks, rough lumber, or what-have-you, your.

Should your hands blister, wear gauze gloves while working, until blisters heal.

If you're refinishing metal work, wear gloves when using steel wool. A pair of gloves kept in the car trunk pay for their keep on the rare occasion when you must change a tire or "get out and get under."

IF YOU PLAN to use a caustic solution or an acid for any purpose, take no chances. Roll down your sleeves or put on an old jacket.

Don't rubber gloves and wear goggles.

Your chest may be hairy, but a caustic solution that splashes will bite right through the fur, if you're not protected.

If you should nick or scrape yourself, take care of the injury right away. A first-aid kit costs little but pays off in protection, and your home shop should number one among its tools.

If you don't have one, now's the time to remedy the lack.

It should contain: adhesive bandage, tape, gauze pads, gauze bandage, antiseptic, cotton and the type of strip bandage so handy for minor cuts.

If the injury is minor, wash surrounding area and wound thoroughly, apply medication and bandage.

IF ANY MATERIAL appears to be buried below the skin, or if you suffer a puncture wound, apply first aid, of course. But, by all means, see a doctor as soon as possible.

Speaking of summer, the sun is just as hot in the yard or garden as it is at the beach. Potentially more dangerous, too, because, with your mind on the bugs, you're not apt to notice how much of a cooking you're getting.

Wear a hat, don't try to get all your tan at once and try to channel your chores into the cooler portions of the day.

If you are doing a lot of work,

IN JUST 15 MINUTES

IF YOU HAVE TO

SCRATCH YOUR ITCH—

Your 48c back at any drug store. Apply ITCH-ME-NOT. It deadens your itch and burning in minutes; kills germs, fungi on contact. Wonderful for eczema, foot itch, ringworm, insect bites, surface rashes. Today at Finding & Reynard; Roose Drugs in Leetonia.

if it's the sweaty type of thing, watch your salt intake.

Salt tablets, taken according to directions, can help to offset salt loss through excessive perspiration.

MARBLE CAN BE DAMAGED

Marble is not as rugged as many persons think. Oils, citrus fruit acids, alcohol and tobacco, all of which will stain wood, also will stain marble. On the market is a creamy wax which cleans, polishes and protects marble.

Build Multi-Purpose Den So Entire Family Can Enjoy It

The word den has various meanings: place where a wild animal lives, place where thieves have their headquarters, or a small and cozy private room.

By going the lexicographer one better, one can broaden the image of a small and cozy private room for Dad, the usual conception, and give the room several more rea-

sons for existence.

A den can be Dad's hideaway for after-hours work, a sewing room, a student's study, a guest room, an isolation room when there is sickness, and a game or music room. Taking turns, a family could use a well-equipped den practically 24 hours a day.

If your home has no den, con-

sider taking a room corner or a space under the attic eaves, or even a portion of a porch or basement for a room with such a high usage potential.

Many lumber dealers recommend Masonite Presdwood for constructing an extra room of this sort because of its economy, permanence, easy handling and good looks. These hardboard panels may be obtained with smooth, textured or patterned surfaces. A paint brush or roller does the rest. Some of the textured panels may be given good-looking two-tone finishes.

New walls, ceiling, underlayment for flexible floor covering, and surfaces of built-in desks, cabinets, bookcases and the like are a "natural" for hardboard. Used in conjunction with framing lumber, the panels go up quickly with little fuss or muss. Lumber dealers say hardboards are among the most popular of home modernization materials they sell.

A multi-purpose den will make an excellent subject for the "How's Your Home?" contest sponsored by lumber dealers and the Home Improvement Council.

CUSHION IT

New black and white patent leather floor cushions are a new type smooth-skin vinyl giving a perfect illusion of true patent leather, easily washed with a damp cloth.

Detroit Policemen Being Held For Taking \$100,000

DETROIT (AP) — Two Detroit policemen accused of taking \$100,000 in holdups in a four-year outlaw spree are being held on two of the highest bonds in Michigan criminal history — \$100,000 each.

The federal government's case against Patrolman James R. Burke, 33, described by a police superior as "one of my better officers," and Patrolman David R. Tapp, 26, are being held.

Both Burke and Tapp were brought into U.S. District Court Tuesday, the day of their arrests, by the FBI and police. Judge Thomas P. Thornton set the high bond and adjourned the case when Burke asked for aid of an attorney.

Fellow police referred to Burke and Tapp as "party boys" who liked a good time. Both men, each the father of two children, were separated from their families.

The FBI and police said Burke and Tapp admitted a series of savings and loan office stickups and robberies of a bank and places of business in off-duty hours, sometimes wearing disguises including Army fatigue clothes and Halloween masks.

On duty both had relatively good records. Now broken from the force, Burke had served in uniform for nine years and Tapp since 1954.

4-H Club News

Junior Leadership Club
LISBON — Columbiana County Junior Leadership 4-H Club expects a record breaking crowd at its Thursday night meeting as approximately 65 members have made reservations to attend.

The meeting will start at 7:30 p.m. with a swim at the Sadie VanFossan Swimming Pool here. Planned activities for non-swimmers will be held at Willow Grove Park.

The Salem Township Junior Farmers and Farmerettes 4-H Club will demonstrate outdoor cooking techniques, after which each member will prepare his refreshments by a "Do It Yourself" technique.

All Columbiana County junior leaders are urged to attend. Further plans for the club trip will be made, according to Don Myers and Miss Julia Shank, assistant county extension agents.

A "do-it-yourself" fan often needs a little help. Share your plastic kitchen wrap with him. It will help preserve putty and plaster in their moist state. Also it keeps wet paint brushes pliable for day-to-day painting projects.

Need some storage containers? Try shellacking large pasteboard cylinders used for shipping products. A thin coat of pure, white shellac will preserve and strengthen them.

Inside Labor By Victor Riesel

Some of the steps of Russia have been replaced by the world's swiftest escalators. These moving stairs can rush hundreds of thousands of Moscow's citizens deep into the ground under the Soviet capital.

In peacetime this underground is the sparsely used subway loop circling the Socialist city like the rim of a wheel, with spoke-like spurs running into a center hub.

But the Russians did not build for peacetime — they dug an intricate network of huge stations which open on a virtually unknown system of rooms, control posts, underground factories and military depots making up the most effective and vastest atomic and H-bomb shelters in the world.

Our intelligence services as well as a small congressional group led by Rep. Chet Holifield, which went to Moscow not too long ago, have reported all this. Yet there is not a single public shelter in the U.S., nor have we appropriated a penny even to scratch our good earth anywhere for such construction.

THIS IS NOT the old underground paradise of frequent murals and infrequent trains. This subway system was built after the war by hundreds of thousands of German slave laborers.

Our Central Intelligence Agency people have reported on it every shovelful of the way.

Most of the husky captive Germans the Russians first used for this underground were later part of the Pharaoh-like slave contingent of a million which built the new Siberian industrial and scientific cities.

Rep. Holifield's group reported that the loading platform spaces alongside the tracks were upward of 1,000 feet long and 80 feet wide.

When the congressional group went down into the "subways" they noted that there were heavy doors opening off these wide loading platform "halls." Requests for inspection of the rooms into which these doors led were curtly rejected.

This congressional group was part of a House committee which has been studying the problem of

protecting America from radioactive fallout as well as the actual bomb blasts themselves.

WHAT IMPRESSED our people was the depth of the Soviet "subways." They are 130 feet deep. After months of study and testing, our military and civilian experts believe you can build safe shelters under merely 18 inches of concrete. At least that's what tests at the Nevada proving grounds showed.

Our people, in their travels around Moscow and on the road to the airport and from their plane, saw other signs of an underground system. This included what the congressmen believe are subterranean factories as evidenced by skillfully ventilated mounds which appear in a regular pattern throughout the Muscovite metropolitan area.

The belief is that there are other such undergrounds in other Russian cities — obviously built at a terrific cost. All this was brought to mind last Thursday morning when the Soviets announced they are going to train their entire adult civilian population in how to seek quick cover if the rain of bombs come.

However, the cost of living through an enemy bomb attack is bound to be higher in our free economy than in the Socialist push button slave state. But not so high

that we can afford to ignore the warning implied in the Russians' own drive for underground safety.

AFTER TWO YEARS of hearings, the subcommittee on Military Operations of the House Committee on Government Operations reckons it would cost 30 billion dollars — six billion a year for the next five years — to protect our people.

Certainly this is high. But few of the dollars would be wasted, even if we look at this cynically. Most of the billions would be spent on labor and material, leaders of the construction trades unions told this column.

There would be great need for all metals — concrete, electronics, trucks, glass — in fact the products of all the industries which need bolstering today.

Tens of thousands of construction workers and thousands more in the auto and steel and mining fields would be re-employed. For digging these shelters is simply a mass construction job, similar to

that which precedes the mushrooming of any skyscraper, albeit on a giant scale this time.

But we haven't done a thing to match the Russian underground.

The Bear River is the longest river in the United States which doesn't empty into an ocean. It wanders 550 miles through Utah, Wyoming and Idaho and empties into the Great Salt Lake only 150 miles from its headwaters.

Mrs. Agnes Chase, 88, recently received her first college degree (honorary) from the University of Illinois. Without formal training in botany, she became senior botanist at the Smithsonian Institute, Washington, D.C. She is ranked among the top 15 American botanists.

The average speed of freight trains is about 19 miles per hour. However, the running speeds are considerably more because the average speeds are computed after all stops made for switching, picking up and setting out cars.

Strawberry Chiffon Pie Summertime Treat

One of nature's special treats, fresh ripe strawberries, are becoming more plentiful now that warm weather is here. This luscious red fruit may be served in so many delicious ways, that a favorite is hard to pick.

A light-as-air Strawberry Chiffon Pie is certainly among the top winners. The filling of this pie is rich with milk and cream, delicate-

ed berries into custard. Pour into shell and chill several hours. Garnish with whole berries and additional whipped cream, if desired. Makes 6 servings.

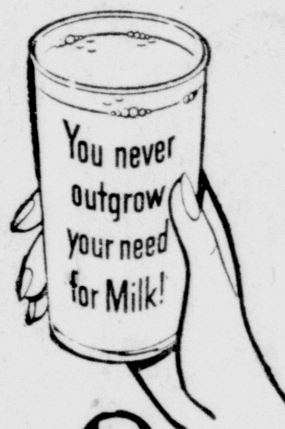

Graham Cracker Crumb Shell
1-3 cups graham cracker crumbs, 1-3 cup light brown sugar, 1/2 teaspoon cinnamon, 1-3 cup melted butter.

Mix ingredients together well and press into 9" pie plate. Chill in refrigerator.

The U.S. government still purchases dogs for military purposes. It uses German shepherd dogs for guarding warehouses and other property.

Advance In Cancer Research Reported

HONEY HARBOUR, Ont. (AP)—A major advance in cancer research was reported today by a U. S. woman scientist who said she has used a single virus to cause many types of cancer in experimental animals.

Dr. Sarah E. Stewart of the National Cancer Institute at Bethesda, Md., told the Canadian Cancer Research Congress she has induced as many as 29 different types of cancer in mice using a virus extracted from a single type of tumor-leukemia or blood cancer.

Her paper gave support to the long-held theory that cancer is

transmitted by a virus. These disease-producing agents in other forms are known to be responsible for polio, influenza and measles.

While some of Dr. Stewart's colleagues had reservations about the importance of her work, Dr. Arthur W. Ham, head of biological research at the Ontario Cancer Institute in Toronto, described it as "the most stimulating thing that has happened in cancer research in years."

The gray-haired woman scientist's seven years of work is expected to lead to a great concentration of research on virus causation of cancer in general. She herself said she could not say how soon her findings can be applied to human cancer. She explained it will first have to be shown that a virus causes certain types of human cancer and this has not been established.

Must Pass Rigorous Tests Set Up by Security Agency

Only About 1 In 15 Aspiring Agents of CIA Makes Grade

By JOHN SCALI
(Last in Series)

WASHINGTON (AP) — The toughest employment hurdles in the United States government are those set up before applicants for jobs with the critically sensitive Central Intelligence Agency.

Only about 1 in 15 makes the grade.

A whole section of a CIA headquarters building is taken up by elaborate equipment designed to probe the thoughts, feelings, inhibitions and rationality of those who would become American espionage agents.

There's even a lie detector — and it's used as a matter of course.

The rigorous tests are set up to weed out the security risks who may range from infiltrating Soviet agents to just plain blabbermouths.

Rumors occasionally make the rounds to the effect that the CIA

pries unnecessarily into the sex lives of its women employees. The agency denies that it asks questions about what is regarded as normal sex experience.

The only sex question asked, says the CIA, is: "Are you a homosexual?"

A second question, which might have bearing on sex, is: "Have you ever done anything for which you could be blackmailed?"

As far as can be learned, the CIA is the only government agency that employs the lie detector on a mass scale as a normal personnel practice.

Can Refuse Test

An applicant can refuse to take the test and still be hired but it is extremely unlikely. And if he is hired, his chances of advancement to a more sensitive post are virtually nil.

Ever after he lands a job, a CIA employee may be asked to take the test again. Some employees have taken second and third tests after being suspected of wrongdoing while on the job.

The lie detector was not introduced by CIA chief Allen Dulles, who has held the post 5½ years. He inherited it from his predecessor. But he has continued it without apology.

Have the Russians ever succeeded in planting an operative inside the CIA?

There has never been a direct public answer to that question. Some time ago Dulles was asked about it and he skirts a flat yes-or-no reply.

"I naturally assume," he said, "that the Soviets will attempt to penetrate the CIA. . . I don't think they are going to find it easy, (but we are going to keep on our guard all the time.)"

Holds Strange Attraction

The dangerous role of spy holds a strange attraction for many wealthy socialites and college graduates who could take it easy or

strike it rich in other fields.

Dulles acknowledges that 5 of his top 20 officials are independently wealthy, earning as much from outside sources as they do from CIA. This includes Dulles himself, a Princeton grad, who makes \$21,000 a year as director.

The CIA operates on the theory that a person's Ivy League background, social graces or wealth should not bar him from a spot in the nation's espionage network.

What is more important, says CIA, is a person's competence, his dedication and his willingness to accept the anonymity that necessarily goes with the job.

Those who treat the work as a glamorous sideline don't last long.

This policy apparently is paying off. A newsman checking into CIA's record finds surprisingly little criticism, even from those who turn a fishy eye on almost everything the Eisenhower administration does.

Part of the reason CIA has escaped widespread criticism could be the above-average quality of its rank and file employees. This has been noted by congressional committees and study groups who looked into its personnel.

Follow Regular Scales

CIA salaries follow closely the regular civil service scales. But Dulles, who probably operates under other government department head, is not required to abide by those rules.

Salaries for new CIA employees are sometimes low. Some recruits quit early to seek more lucrative rewards in private industry. Many remain.

What Holds Them?

Mostly it's the lure of an exciting cloak-and-dagger existence combined with a deep sense of patriotism that keeps them on, year after year, playing a deadly, undercover war of wits against the Kremlin.

Poppy Seed Bread Is Unusual Treat

Any time is the right time to bake a crusty loaf of bread for your family. Some morning soon, push up the kitchen window, breathe in some of that fresh air and approach this project of bread baking with an open and inquisi- tive mind.

No cook knows the real joy of baking until she takes her first golden loaves from the oven. But whether you are novice or expert, you'll love this recipe for Poppy Seed Bread.

Bread baking will open new chapters in the culinary arts for you. Just the feel of live, springy dough in your fingers is an expe- rience everyone must know.

Poppy Seed Bread is a yeast dough flavored with the juice and grated rind of an orange. Nut- sweet rolled oats gives a toasty flavor to the bread, too, and pop- py seeds add their bit to both fla- vor and color the spiral loaf.

Poppy Seed Bread will bring a touch of spring to your table. Slice through the crusty loaves and

immediately you will see the spir- al effect created by the poppy seeds. The faint flavor of orange will complement spring salads, but a word to the wise — don't pass up a slice of this bread toasted for breakfast.

Poppy Seed Bread DOUGH:

2 packages or 2 cakes compress- ed or dry yeast, ½ cup lukewarm water, 1 cup scalded milk, ½ cup sugar, ½ cup shortening, ½ tea- spoon salt, grated rind of 1 orange, 4 to 4½ cups sifted enriched flour, 4 eggs, beaten, 1½ cups rolled oats (quick or old fashioned, un- cooked).

FILLING:

2-3 cup poppy seeds, ½ cup or- ange juice, ½ teaspoon cinnamon. Soften yeast in lukewarm wa- ter. (Use warm water for dry yeast). Pour scalded milk over su- gar, shortening and salt; stir oc- casionally until shortening melts. Cool to lukewarm. Stir in grate- ed orange rind, 1 cup of flour and eggs; add softened yeast and oats; stir in enough more flour to make a soft dough.

Turn out on lightly floured board or canvas; knead until satiny, course where his neighbors played.

about 10 minutes. Round dough in- to ball; place in greased bowl; brush lightly with melted short- ening. Cover and let rise in warm place until double in size, about 45 minutes.

Punch dough down; turn out on lightly floured board or canvas. Cover and let rest 10 minutes. Di- vide dough in half. Roll out one half to form a rectangle 8 x 24 inches. Brush lightly with melted butter. Combine poppy seeds, or- ange juice and cinnamon. Spread half of this filling over dough.

Roll up, starting at short end; place in well-greased bread pan (1 lb. size). Brush top lightly with melted butter. Repeat for other half of dough. Cover; let rise until double in size, about 45 minutes. Bake in moderate oven (375 F.) about 45 minutes. Remove from pan and again brush with melted butter. Cool thoroughly.

John G. Reid is known as the "Father of American Golf." He came to Yonkers, N.Y. from Scot- land in the 1810's and laid out a course where his neighbors played.

New Computer to Aid
Fighter-Bomber Pilot

WASHINGTON (AP)—General Electric Co. has developed a new kind of airborne computer which it said would make a modern fighter-bomber nearly automatic.

As described at a meeting of military electronics specialists the digital computer can:

1. Help the pilot navigate from his base to the target.
2. Choose the particular weapon to be employed, and prepare it for firing.
3. Control the approach maneu- vers of the plane as it nears the target.
4. Release a bomb or missile at the proper moment with regard to altitude, wind velocity, dis- tance from the target and other conditions.
5. Select the best altitude and speed, from the standpoint of fuel economy, for the flight home.
6. Direct the aircraft back to its base.

The computer was developed by GE's Light Military Electronic Equipment Department at Utica, N. Y., and was described by M. R. Johnson, manager of the depart- ment's armament and control sec- tion.

Great Frozen Face

By HAL BOYLE

NEW YORK (AP)—Many life-long scholars of the great American frozen female face have thought it could be improved.

Their varying approach to the problem probably measures their age and optimism.

Being older and perhaps therefore more cynical, I leaned to the theory that it was better to get along with life than fight it—and I came to accept the great American frozen female face as inevitable.

I came to feel it was natural to shake womanhood by her lifted nose rather than her withheld hand.

American girls!

Then I met Sophia Loren. A living bonfire. A tawny surprise. A girl with an unfrozen face, a call-stemmed girl. As she walked away with a rearward muscular schizophrenia, some muscles went clockwise, some counter-clockwise.

A male human heart could only extend sympathy to her in her handicap.

Her walk, though, had a mixture of crudeness and kindness—half-panther, half-gazelle. It was all the art of Italy, ambient.

She had the presence and security of a sunrise. Her expression from moment to moment was a race of rainbows.

reporting their progress on the club projects.

It was decided that half the camp expenses for two girls will be paid by the club.

Barbara Shultz gave a demonstration on how to decorate cup cakes. Rosie Bock and Paula Waltham gave team demonstrations on laying and cutting patterns.

Refreshments were served by Mrs. Thomas and her daughter.

Highland Busy Bodies

Volleyball games were enjoyed preceding the regular meeting of the Highland Busy Bodies 4-H Club recently at the home of Misses Anna Jean, Shirley and Lillian Lease.

Roll call was answered by naming items to be brought to the picnic after the clean-up day at Highland Christian Church June 25 at 11 a. m.

Members were reminded to bring newspaper clippings to complete the scrap book project. At the next meeting July 10, Alice Farmer will demonstrate how to grease a cake pan.

RFD Daughters

The RFD Daughters 4-H Club met recently at the home of Ada May Hanna of RD 1, Salem. Marieanne Vandenberg was appointed to order 4-H jackets for the new members.

Members answered roll call by giving their ambitions in life. Pledges to the American and 4-H flags were given.

Plans for 4-H Day at the Canfield Fairgrounds were discussed. Two club members, Alice Clay and Susie Gidley, will serve as counselors at Camp Whitewood.

Financial matters were debated, and a benefit project was planned. Recreation and refreshments were enjoyed following the business session.

The group will meet again on Thursday at the home of JoAnne Tolar.

In The Service

Naval Aviation Cadet Joseph G. Hajcak, son of Mr. and Mrs. George Hajcak of 942 Homewood Ave., was graduated May 23 from the Naval Pre-Flight School at the Naval Air Station, Pensacola, Fla.

The 16-week pre-flight program consists of courses in naval orientation, aviation science, navigation and other technical courses to prepare students for actual flight training. Graduates of this class are presently undergoing primary flight training at Sauley Field, also at Pensacola.

Army Pvt. John C. Rottenborn Jr., whose parents live at 537 Jennings Ave., recently completed a radio operator course at Fort Hood, Tex.

Pvt. Rottenborn entered the Army last February and completed basic training at Fort Hood. The 23-year-old soldier is a 1952 graduate of Salem High School and a 1956 graduate of Kent State University.

OUT OF DOORS with Field & Stream

RUFUS L. LIDE

If fishing is ever going to be good in this vicinity, I predict it will be this week. Of course, the weather must be favorable.

I base my predictions on observations and observations can be correct sometimes.

The bluegills have moved into the shoreline, so have the bass. It is just a question of having the right bait in the water at the right time when fish are feeding and that could be almost any time of day.

My fishing barometer is Westville Lake where I live and can see what goes on right in my own back yard.

Bluegills can be seen picking bugs off the surface and bass are beiling the water chasing the smaller fish. That means fish are hungry, so go get 'em.

I RAN ACROSS two Steubenville fishermen, Bill Beatty and Clyde Strickland, at Echo Dell, the state park area on Little Beaver Creek.

I asked the usual question of what they thought of fishing in this creek. Both Bill and Clyde said they had excellent luck all last year, but this was their first outing this year.

Because both fellows said they did not want the fishermen in Steubenville to learn about this spot, I am not going to give away their secret — except to 30,000 readers.

Being equipped with waders and a select assortment of lures, the two men put me in the mind of a magician when they began bringing out boxes of this and that and the other lures all concealed on their person. Believe me, they were loaded and just getting ready to take off when I approached them.

Both men said that if a fisherman doesn't catch plenty of bass in this creek, then they just aren't fishermen. I hear this regularly from fellows who are not afraid to hike a mile or so up or down stream and get away from the

bridges. You have to work it's true, but fishing for game fish is work no matter where you fish.

ANDY KUYPER of Guilford, reports a fellow by the name of Ted Bolt of Canton took the nicest string of bass last week he has seen in a good many years. He had 6 on the stringer that measured 15½ to 18½ inches, and Andy said he did the measuring.

Dutch Miles of Salem was after the carp with bow and arrow and had one up on the bank that measured 26½ inches.

Bill Falk of Salem landed a 13 in. crappie which proves the crappies are on the comeback in Guilford.

William Green of North Georgetown took home a 22-inch walleye and said he lost two more that shook the hook.

Almost everyone was catching perch and bullheads. Carp were hitting on do-balls and even game fishermen find landing a large carp is equal fun. After all, if you don't eat fish and just enjoy the sport of landing a few big ones, why cuss the carp? He might not leap and shake, but he can certainly bore down and tug like a pony.

Anyone having knowledge of the 30 horsepower Evinrude motor stolen from a state-owned boat at Guilford Lake Sunday night is urged to contact the county sheriff's department or any game protector.

The thieves cut a chain which fastened the motor to the boat and hauled away the 1956 motor.

The term "alma mater," used by students to refer to their college or university, means "foster mother." It has been traced back to the Middle Ages and probably started in Bonn, Germany, famous for its university, where a statue of the Virgin Mary was called "Alma Mater."
